For Farm Women ...

(Continued from page eight)

One tablespoon paprika Three tablespoons flour One-cup dairy sour cream One cup water

One teaspoon grated lemon

One tablespoon lemon juice. Coat chicken with flour, salt and pepper. Brown slightly in hot fat. Add onion, water and paprika. Cover tightly and simmer until chicken is fork-tender, 20 to 25 minutes. Remove chicken and prepare gravy. Add flour to pan juices and blend Cook until bubbly Add sour cream and water and simmer, stirring constantly until uniformly thickened Cover and simmer about five minutes. Add lemon juice and rind. Heat chicken in the gravy.

Peas, Picked and Packed

Packed in iced barrels, these hulled peas are on their way by truck to the cannery from Lancaster County. Pea picking is at its height at the moment. Producers

There is debate of all kinds on seasoning, flouring,

flavoring chicken. There is a school that says for chicken,

"Paprika? Absolutely not."

Others swear it adds much.

It's the **NEW**

for a money-making harvest

There are dozens of features in the new Ford Combine which make us say, "you've never seen a combine to match it." And the best way to find out all that's new and better about this combine is to come in and check it over.

Right away, you'll notice many crop-saving advantages. The sickle, for example, will cut within 11/2 inches of the ground to get more of the "down" grain Or, it can be raised as high as 3 feet for faster work in sorghums or other tall crops. You can adjust cylinder speed by the twist of a knob, and one handy lever controls the volume of wind. Rubber elevator paddles reduce grain cracking. It's the only combine in its class with the walker type straw rack . . . a real grain saver. There are up to 26% fewer points to lubricate, and the Ford Combine is as much as 14 inches narrower than other 6-foot combines for easier passage through gates.

There's much more-we've just touched on a few of the high spots. So come in and find out more!
