Following is a comment by the American Meat Institute on testimony by E F Forbes of the Western States Meat Packers Association, before a Senate sub-committee in Washington today

"Any idea that monopoly could exist in the meat packing industry or could be developed by any group of companies is fantastic and Mr. Forbes knows

"It is our understanding that Mr. Forbes claims that his membership does 70 per cent of the meat business of the west. It appears from his testimony that has yielded a little better than he would like to build a wall Leconte over the past several around the west to keep out competition in the -sale of meat

### **13 Steers Killed On Sprayed Pasture**

Thirteen steers died early last week on the farm of Lester High, R1 Denver, on a pasture that had been sprayed earlier with an arsenical weed killer.

Harry S Sloat, associate Lancaster county agricultural agent, warns that sprays such as this can be dangerous up to two months, and much care must be used to prevent livestock from coming in contact with vegetation where chemical residue re-

convert the farm into an experthe area. imental station. Little nitrogen

has been needed by the soils, under results of tests, and the lowest test was on phosphorus. Rotations used include corn, tobacco, hay and hay, with Pen Scott Clover and orchard grass being used as hay crops. **Best Barleys Listed** Of the 88 acres, 75 are tillable.

Among those in attendance were Dr. B. F. Coon, Penn State entomologist; Elmer Piper of the extension service.

Dr. Briner advised the best barleys for this included Wong, Kenbar and Hudson. And, he added, there are major promising erally graded meat if they want varieties of oats from Canada and England.

turing quickly in the small-grain division, and Mr. Terrell advises confidence. Nobody is trying to combining will start within the week.

## **Martic Township** Ends Bangs Sign-Up

Martic Township now becomes the 25th Lancaster County township to complete sign-up of at least 75 per cent of all herd owners for testing for brucellosis under the area initial plan. Of the 81 herds in the township, 77.7 per cent have signed or are under test. Paul H. Herr, R2 Holtwood, was chairman of the

sign-up committee. the Lincoln Highway - Eden, Lancaster, and Pequea, remain unsigned.

"Monopoly in this industry would be impossible to accomplish because there are about 4,000 plants scattered around the country which

every day are buying live. stock and selling meat and these plants are sharply competitive in both operations. Last year, some 130 new plants were opened or being built largely in newly develop-

ing livestock-producing areas. "As for branded or graded meat, consumers can get fedit; or, if they desire it, they can get meat graded and brand-Crops at the station are maded by experts of meat packing companies in which they have break up grading or branding systems. We suggest, however, that consumers should not confuse federal meat grading with marks indicating veterinary inspection for wholesomeness. The two are entirely different."

#### RAM TOPS SALE, \$725

Thirty-one rams averaged \$275 in the first production sale of the spring at Green Meadows Farms, RD Bareville June 19, with a top of \$725 Only three townships south of paid for a ram by Mrs. Amy Wilson of Texas. Jack Judy, representing Ohio State University, paid \$675 for a ram lamb.
