The sale was conducted for the estate Auctioneer was Kersey Bradley

Entries Large In 5th SEPABC Cattle Shows

LANCASTER, Pa — A record high of 283 animals have been entered in the Fifth Annual Cattle Show sponsored by the Southeastern Penna. Artificial Breeding Cooperative to be held on Thursday, Aug. 2. This show, to be held on the grounds of the Cooperative, is an annual event celebrating the grand opening of the new headquarters in August 1950.

Eligible to be shown are daughters of any sires that are or have been in the S.P.A.B.C. stud. One hundred and fifteen exhibitors from Pennsylvania, Delaware and Maryland have entered 127 Holsteins, 70 Guernseys, 41 Jerseys, 34 Ayrshires, and 11 Brown Swiss in this year's show. This record high tops the 1955 entries by 98 and the 1954 by 49.

The grounds officially opened to the public at 7 00 p. m. Aug 1, Wednesday evening, when the entire headquarters was open for inspection with S.P.A.B.C. personnel on hand in every department to answer questions. This was also true on Thursday, Aug. 2, when judging got underway at 10 00 a. m. All breeds were judged simultaneously. Paul Misner, Newton, Pa. judged the Holsteins and Ayrshires and John Morse, University of Maryland, judged the Guernseys, Jerseys and Brown Swiss. Over \$2,500 has been scheduled to be awarded to the exhibitors of the top animals of the various classes and breeds.

The Show Committee consists of Mark Witmer of Dalmatia, Chairman; Harvey Worthington of West Chester and Lester Jacobs of Hanover.

Prices received by farmers for eggs averaged 44 cents a dozen, up only two cents which was less than the usual June-July rise, the Department said.

Trout Season Extended, Will End Sept. 15th

Harrisburg — R. Stanley Smith, President of the Pennsylvania Fish Commission, has announced that the 1956 trout season will extend thru Saturday, Sept. 15, on all Pennsylvania waters except ten lakes from which trout will be fair game until midnight, Nov. 30.

The extension was a unanimous decision of the eight-man Fish Commission during the morning session of its regular July meeting in Harrisburg. It was based on the findings of a statewide survey made last week by the Commission's warden supervisors.

Rains Curtail Fishing

The survey revealed that throughout the current season, the streams of the state were generally above normal flow and ranged from cloudy to muddy, particularly during recent weeks as a result of heavy and frequent rains.

These stream conditions curtailed fishing activity, lessened the catch, with the result that an unusually large portion of the fish stocked prior to and during the season remained in the streams.

These circumstances, coupled with the proven inability of the greater percentage of hatchery reared trout to survive from one year to the next in the wild state, prompted the Commission to take their unprecedented step. As far back in the records as preliminary research has indicated, the season for trout closed on July 31.

Lakes Remaining Open

In commenting on the decision, Commissioner Smith stated, "We would be guilty of gross mismanagement if we allowed these fish to go to waste, as many of them would, by denying our fishermen the opportunity to harvest them."

The lakes on which the trout will close midnight, Nov. 30 coincidental with the final day of the warm water season are Chapman's Dam in Pleasant Township, Warren County; Lake Pleasant in Venango Twp., Erie Co.; Chapman Lake in Scott Twp. and Crystal Lake in Fill Twp., Lackawanna Co.; Harveys Lake in Lake Twp., Luzerne Co.;

30-Day Clock \$75 In Huber Auction

In the public sale of household goods by Katherine L. Huber at 420 North Charlotte Street, Lancaster, a 30-day clock brought \$75.

Other items sold by Auctioneer Stanley H. Deiter included a small chest of drawers at \$26, oil lamps \$10 each, cut glass, ware \$175 to \$12.50, vinegar cruet \$8.50, china closet \$11, and book case \$11.

Elbow Height Helps Place Separate Oven

To install a separate electric oven for maximum comfort, safety, and convenience, check the homemaker's elbow height with her elbow bent and arm parallel to the floor. This measurement is more important than her standing height or body build.

Doris Snook, extension home management specialist of the Pennsylvania State University, says the top side of the fully opened oven door located three inches below the elbow was most popular in a recent survey at Cornell. Between one and seven inches below elbow height were acceptable.

FASTEST FIRE ALARM

PORTLAND, Ore — Local firemen believe the fastest fire alarm on record was turned in here recently. A lightning bolt knocked out a fire alarm box and set off the signal. The nicest part of the incident was that the fire was out before the alarm had finished sounding.

Lake Wallenpaupack in Pike and Wayne Co.; Highland Lake in Schrewsbury Twp., Lycoming Co.; Upper Woods Pond in Lebanon Twp. and Lake Lorraine in Preston Twp., Wayne County. Koon Lake, Bedford Co.
