HAVE YOUR FARMLANDS LIMED NOW BY A MODERN SPREADER LIKE THIS...

This modern 30 foot spreader will spread **Martin's Quality Lime** quickly, efficiently and make your soil more productive.

As you know, every crop makes your soil more deficient in certain minerals, which, if not replaced by liming, will cause poor crop production and unhealthy livestock.

To meet this condition, you should have your soil tested periodically to determine if your soil needs lime and the amount needed. You can do this by taking advantage of our **FREE SOIL TEST**. Phone New Holland 4-2112 or Terre Hill 5-3455. Send a card or letter to
