

For the Farm Wife and Family

(Continued from page 8)

"I have no recipe to make the soup but we eat a lot of it. Your paper is very interesting. We like the recipes," she adds.

From Ephrata R1 comes this letter: I read in your paper a request for a cottage cheese pie. I am

sending a recipe I like very much for a cottage cheese custard.

COTTAGE CHEESE CUSTARD

Mrs. David M. Eshleman, R1 Ephrata
Line three seven-inch pie plates with dough
Three eggs beaten separately
Four good tablespoons cottage

High 4-H Honors For Farm Youth

A Pennsylvania girl and boy were named for one of the highest honors in 4-H Club work, the 1956 State Achievement award. This distinction goes to Carolyn Henricks, 18, of Butler County, and Robert Simpson, 20, of Indiana County. Their 4-H records exemplify the best overall accomplishment in 4-H project work, Club and community activities, according to the Pennsylvania State University.

Both received a certificate of merit. Carolyn attended the National 4-H Club Congress held recently in Chicago, as the guest of the Ford Motor Co., donor of the 4-H Achievement awards. Robert also attended, and his trip was provided by Trans Continental Gas Pipeline Corporation.

Carolyn Henricks Robert Simpson

They were among 1200 delegates from the 48 states, Alaska, Hawaii and Puerto Rico who were honored during the 4-H Congress.

Outstanding ability to utilize and demonstrate dairy food products brought state honors in the 4-H Dairy Foods Demonstration program to the team of Barbara Gadsby, 17, of Kennerdell, and Rita Hickman, 16, of Emmenton. Their demonstration was entitled "Modernized Custard". Each girl was awarded a beautiful inscribed wrist watch by the Carnation Company. In addition to Dairy, both girls have completed other 4-H projects and participated in their local Club activities.

These programs are conducted under the direction of the Extension Service of the Pennsylvania State University and USDA cooperating.

cheese

Two tablespoons flour
One and one-half pints milk
A little salt
Mix all together. Put beaten eggs in last. Bake at 375 degrees until firm.

From our good friend Wilma Kinder comes these recipes for crabmeat. Here is one for

DEVEILED CRABMEAT

Wilma Kinder, St. Louis, Mo.
Combine:
One and one-half cups milk
One and one-half cup soft bread crumbs
Gently stir in:
Two cups flaked cooked crabmeat (two seven-ounce cans)
Whites of five hard-cooked eggs, finely sliced

Blend in:
One and one-half teaspoons salt
One-third teaspoon dry mustard

One-eighth teaspoon cayenne pepper
One-half cup melted butter
Pour into buttered baking dish or crab shells. Sprinkle with Wheaties or buttered crumbs. Bake in a 400 degree oven for 15 minutes. Serve hot. Six servings.

HOT CRABMEAT SALAD

Wilma Kinder, St. Louis, Mo.
Make a white sauce of:
One-half cup butter
Two-third cup sifted flour
Two and two-thirds cups milk
Cook 10 minutes, then blend

in:
Two cups flaked crabmeat
One large bunch diced celery
One-third green pepper, minced

One large pimiento, minced
One-third cup blanched almonds, quartered

Four hard-cooked eggs, cut up
Two teaspoons salt
Pour into buttered baking dish. Sprinkle with buttered fine dry bread crumbs. Bake in 350 degree oven for 35 minutes. Serve hot in crisp lettuce cups topped with mayonnaise (with chopped sweet pickles added.)

Here is a recipe for a Molasses Pie sent in by a reader from Bareville R1.

MOLASSES PIE

Mrs. Elmer R. Heller, R1 Bareville

9371
14½-24½
by Marian Martin

Pattern 9371: Half Sizes 14½, 16½, 18½, 20½, 22½, 24½ Size 16½ takes 4¼ yards 35-inch. Send Thirty-five cents in coins for this pattern—add 5 cents for each pattern if you wish 1st class mailing. Send to 170 Newspaper Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly NAME, ADDRESS with ZONE, SIZE and STYLE NUMBER.

PAID \$10,360 FOR BIBLE
London — John Fleming, of New York, paid \$10,600 for a Bible translated into Massachusetts Indian language by John Eliot in 1663, and published the same year in Cambridge, Mass.

POINSETTIA WILL KEEP BUT LEAVES WILL DROP

If you got a poinsettia for Christmas, you can keep it for some time after the holiday, says A. O. Rasmussen, Penn State extension ornamental horticulturist. Poinsettias like the morning sunshine and night temperatures of 55-60 degrees, but eventually the leaves will drop off.

PUBLIC CONTRIBUTORS

The American public is expected to contribute an estimated \$378 million to the 2,000 united campaigns this fall. The projected figure is almost 12 per cent more than the \$340 million raised by the same agencies last year.

BAD NEWS for MASTITIS

Another Potent Product in The Pent-A-Cin Line

ROCKLAND'S

DIAL-A-DOSE
PENT-A-CIN
DISPOSABLE INJECTOR

5 SHOTS with REAL CONVENIENCE ... REAL ECONOMY

Here is the handy, multi-dose injector that tops all others it does so because it features a 12 cc. dose (not 6 cc.) of Rockland's improved Pent-A-Cin formula, which gets to the source of infection faster, has greater diffusion. The Dial-A-Dose injector has five disposable tips, allows dairymen to make five injections with the same syringe. The new additive, Neomycin, broadens the effective spectrum of the antibiotics.

Try These Tested Products For Single-Dose Treatment

SUPER PENT-A-CIN: The most powerful mastitis treatment ever! You get 2-way action with 1,000,000 units of Penicillin, plus other potent antibiotics.
PENT-A-CIN INJECTOR: Regular Pent-A-Cin in same disposable 11-gram injector with powerful antibiotics plus sulfa drugs.

PENT-A-CIN TUBE: Popular 7.5 gram tube with the outstanding formulation of 500,000 units of Penicillin.

"The time to feed a cow for MILK PRODUCTION is when she's DRY!"

...says Purina Research

Strange as it sometimes seems, dry cow feeding is a true course to milk production and long cow life.

Extra body weight and built-up reserves of strength resulting from a good dry cow feeding plan put a cow in shape to deliver a big, strapping calf and go right to work on a long, steady lactation the day she freshens.

Purina on-the-farm research tells us that 100 lbs. extra body weight on a dry cow means up to 2000 lbs. more milk in her next lactation... in addition to the benefits of health she gains.

Purina D and F (dry and freshening) CHOW is tailor-made for dry cow feeding. It contains ample quantities of body-building nutrients to build both cow and unborn calf during this critical period. It contains minerals for strong bones, vitamins for health.

Properly fed, quality Purina D & F Chow not only gives cows a big head start on their next lactation... it keeps them in condition to breed again and again and again... for long, profitable, healthful productive life.

See us for details of dry cow feeding the Purina way TODAY!
