

## Three Champions, Three Class Winners at Junior Show from County

Lancaster County FFA showmen came home with more purple ribbons than did the 4-H members Thursday at the state junior dairy show in Harrisburg.

But at the same time the 4-H showmen turned in an impressive record of three individual class winners and had animals in three of the winning District Groups.

Getting most of the glory was Ned Paes who won both Grand and Reserve Championship in the Ayrshire breed with his two entries Kenneth Young, R1 Mt Joy, president of the Donegal FFA Chapter, had reserve Championship of the Guernsey division.

Paes, 18, is a graduate of Lampeter-Strasburg Joint High School.

He also won reserve championship at the show last year.

George Jr. and Sandra Rutt of Stevens helped the morale of County Holstein breeders as they placed one, two in the junior calf class. They also had two of the

six animals in the District group

In the Ayrshire division, Marilyn Harnish, R2, Quarryville, failed for the first time this year to take home a purple ribbon. She topped the senior yearling class, but was eliminated from the championship by two younger animals.

There were nearly 350 head of animals shown during the 10 hour long show.

All cattle exhibited were district dairy show winners selected earlier this year. Winners were named from among the six leading breeds in both the FFA and 4-H Club classes Ayrshire, Brown Swiss, Milking Shorthorn, Holstein, Guernsey and Jersey cattle were exhibited.

The State Junior Dairy Show was made possible two years ago by a \$10,000 appropriation by the General Assembly. Portions of the \$10,000 are used at each of the local and district shows supervised by the FFA and extension dairy specialists of the Pennsylvania State University.

### FFA-HOLSTEIN

Junior calf — seventh, Donald B. Trimble, Quarryville

Junior yearling — fourth, Jack Landis, R1 Bainbridge.

Grand Champion — David M. Litchard, Turbotville, Northumberland Co., cow three years and over named Char-Mar Weber Burke Pam.

Reserve Champion — Wayne Weaver Jr., Wyoming County, won with a two-year-old cow, Winola Comet Burke Lassie.

### FFA-AYRSHIRE

Senior calf — first, Ned Paes, R1 Strasburg.

Senior yearling — first Ned Paes, R1 Strasburg.

Grand Champion — Ned Paes, showing Rock Acres Dixie, senior yearling.

Reserve Champion — Ned Paes, showing M.H. Snow Shower, senior calf.

### FFA-GUERNSEY

Senior yearling — third, Kenneth Young, R1 Mt Joy

Two-year-old — first, Kenneth Young

Grand Champion — Stephen C. Witmer, Dalmatia, Northumberland Co., showing a three year old, East Walta Admiral Lassie.

Reserve Champion — Kenneth Young, showing Hargood's Noble Brenda, a two-year-old.

FFA FITTING & SHOWING

Showing — Red, Kenneth Young.

Fitting — blue, Kenneth Young.

### 4-H GUERNSEY

Senior calf — first, Mary Ellen Mumma, Manheim.

Junior yearling — second, Robert Mumma, Landisville.

Senior yearling — fifth, William F. Ferguson, Kirkwood.

Grand champion — John Furry, Blair County, two-year-old

Reserve champion — Sylvia Shook, Clarion Co., three-year-old.

District Group of Six — first, Southeast, second, Northwest; third, Central, fourth, Southwest; fifth, Monongahela Valley.

### 4-H AYRSHIRE

Senior calf — sixth, Florence May Flory.

Junior yearling — sixth, Marilyn Harnish, R2 Quarryville.

Senior yearling — first, Marilyn Harnish; second, Joan Paes

Grand Champion — Pamela Hayes, Reedsville, Mifflin Co., showing a junior yearling.

Reserve Champion — Helen L. Lenker, R1 Dalmatia, Dauphin Co., showing a junior calf from the Masonic Home herd.

District group of six — first, Southeast; second, Southwest.

### 4-H HOLSTEIN

Junior calf — first, George Rutt Jr., Stevens, second, Sandra Rutt, Stevens

Junior yearling — fifth, Burnell Andrews

Grand champion — Joyce Mc-

THE PRESIDENT AND VICE PRESIDENT of the Donegal FFA Chapter were exhibitors at the State Junior Dairy Show held Thursday in Harrisburg. Winning Reserve Champion with his Guernsey

heifer is Kenneth Young, R1 Mt. Joy, president of the chapter. Jack Landis, R1 Bainbridge, came in fourth in a class of junior yearlings. (LF Photo)

## THIS FALL USE VAPAM

on your Tobacco  
Seed Bed  
Weed-Free

Here's how to do it. Sprinkle VAPAM<sup>®</sup> on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seeding time you have the healthiest soil in the state! You get more seedlings per square yard — up to twice as many. And only a few — if any! — weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

### HYBRID CORN

Check results of our H.780 Hybrid Corn this fall before ordering for 1958 season. Growth has been outstanding during the dry summer.

### WINTER RYE

Tetra Petkus — Balboa

### SEED WHEAT

Pennoll — Thorne — Seneca

### WINTER OATS

Le Conte — Du Bois

### WINTER BARLEY

Wong — Kenbar — Hudson

## FARMERS SUPPLY CO.

137 E. KING ST.

Open daily 8:30 Friday till 9

### HERE IS THE NEW PURINA HOG PROGRAM

1. Start litter on new, improved Purina Baby Pig Chow. Then creep feed Purina Pig Startena until 3 weeks after weaning.

2. Put pigs on growing ration of 4 parts grain and 1 part Purina Hog Chow until pigs are about 3 months old.

3. For last 6 weeks, feed 9 parts grain to 1 part New Purina Hog Chow. Feed either free choice or mixed, in correct proportions.

## Now...market hogs in 4<sup>2</sup>/<sub>3</sub> months

New Purina feeding program weans pigs at six weeks... grows pigs to 190 lbs. in 4<sup>2</sup>/<sub>3</sub> months... cuts feed costs 4%... 1 lb. of pork for every 3.26 lbs. of feed, from weaning to market... conditions sows faster for next farrowing.

Every year more proof piles up that hogs should be fed according to age and weight requirements. Young pigs use feed differently than do older hogs. They need more protein... more vitamins... more of the expensive parts of the ration. But, as pigs grow, they become more efficient users of carbohydrates—the less costly part of rations. The proportion of cheaper carbohydrates can be rapidly increased.

Tests at the Purina Research Farm showed that this new program cut feed costs an average of 4% below any previous Purina Program... produced each pound of pork on only 3.26 lbs. of feed from weaning to market. It also gave sows the chance to recover faster from farrowing and nursing. Sows were ready to breed

again in less time than when pigs were weaned at 9 weeks.

### Improved Purina Hog Chows Make Program Click

Purina Baby Pig Chow and Pig Startena, the famous Fast-Start Twins, have been further improved to take advantage of the newest research findings. Purina Hog Chow has been improved to the point where you may now use 33% more grain during the last six weeks than on previous Purina Hog Programs. Be sure to feed right... follow the recommended steps closely. The fast gains, early weaning, and increased efficiency of this new Purina Hog Program can be yours when you feed these high-quality Chows in the way research has proved they should be fed for top results.
