

Farm Women 5 To Support Korean Child

A Korean Child will be supported for a year by members of Farm Women 5, it was decided at a meeting held Oct. 26 at the East Petersburg Church of the Brethren.

The Society entertained Society 8.

Mrs. Elam Enock showed her hand-made portrait dolls of the first ladies of our land. She makes the dolls and dresses them in the exact copy from the Smithsonian Institute.

Mrs. Scott Nissley played a piano solo and Miss Ruth Ann Charles sang.

Miss Mae Brinser of Society 3 gave several readings.

Plans were made for a banquet to be held at 6:30 p. m. Nov. 23 at Hosteter's Banquet Hall, Mt. Joy.

Plans were also made for an ice cream party to be held at 7:30 p. m. Monday at the Farm Bureau Cooperative, Dillerville Road, Lancaster.

Accepted as a member was Mrs. Mervin Sauders, R1, Manheim.

It's The Law

"It's the Law" with simple answers is offered by LANCASTER FARMING in cooperation with the Pennsylvania Bar Association. General interest questions are welcomed, and will be answered as soon as possible. Letters must be signed. Answer will not be published on a specified, requested day. Questions cannot be answered by mail, and LANCASTER FARMING will reject any inquiry which is not of general public interest. Address all inquiries to "It's the Law," LANCASTER FARMING, Quarryville, Pa. (Fictitious initials will be used to protect the identity of the questions).

Q. While in the process of buying a house, who pays the water bill?—L.L.

A. When settlement is made on a property, such bills as water, gas and electricity are usually paid by the seller up to the date of settlement. Special meter readings are requested to be made on or around the day of settlement, and bills for these special readings are sent to the seller.

WATCHING MARTIN MUTH of the Soil Conservation Service illustrate diversion construction are, left to right, Elmer Good, R1 Lititz, Norman Leininger, R2 Denver, and John M. Zimmerman, R1 Reinholds.

They were attending one of a series of meetings sponsored by the Lancaster County Soil Conservation District. This meeting was held at Cocalico Union High School, Denver. (LF Photo)

Cold Weather Has Improved Taste Of Vegetables; Mushrooms Good Buy

PHILADELPHIA, Oct. 29 — The colder weather is ending the season for the more tender crops but new production in more distant Southern and Western areas have sprung up and it is surprising how many good buys in fresh fruits and vegetables are available this week.

Among fresh fruits, apples are an outstanding good buy with prices the lowest in several years. Fairly good buys are avocados, limes, grapefruit, white seedless grapes, pears and for something different and unusual — persimmons. Also cranberries.

A few fresh vegetables are high priced, notably green peas and carrots in film bags, but the majority are good to excellent buys and include potatoes, cabbage, cauliflower, broccoli, spinach and various other leafy greens, sweet potatoes, Brussels sprouts, celery, mushrooms, onions, radishes, turnips, and squash. And for something different and a delicacy we can add artichokes.

While the colder weather has hurt the tender vegetables it has helped others which thrive under cool temperatures. You will find quality better now than it has been for cauliflower, broccoli, Brussels sprouts, spinach, various other leafy greens including collards, turnip tops, kale, hanover-salad, mustard and dandelion.

All of these vegetables require cooking and these vegetables fit in well with cool weather dishes. While all are good buys, cauliflower and spinach are particularly low priced this week. Most of the "flower" is now coming from Long Island which is famous for growing excellent quality and real good flavor.

Mushrooms are now lower priced and very deserving of any good cook's attention. They can add a note of luxury — something all of us want at times — to any meal and they can also do wonders with the cheaper cuts of meat. Plentiful supplies of celery are still available with California filling in with more volume as Eastern grown gradually passes out of season.

November is the most colorful month of the year and the one vegetable which is most symbolic of Nature's colorfulness and abundance is the squash. All colors, shapes, and sizes are now available at quite reasonable prices — the soft green and yellow types are now coming from the South while the hard-shell — Boston Marrow and pumpkins are from nearby areas. It is add how the eating habits of people in dif-

ferent parts of the country vary. In the more Northern state's

especially New England, and the Pacific Coast States, hard-shell squashes are most popular, in Philadelphia many people do not know anything about them — at least how to cook and enjoy this economical food.
