five with Herefords. The showmen included Miss Leona Augsburger, R1 Reinholds, Thomas Daugherty, Kirkwood, Donald M. Herr, Refton, Luke Brubaker, R2 Mt Joy, and Wesley Mast, R2 Elverson

The crowd at the Eastern National was cut seriously by the cold and rain throughout the day. Many of the open breeding class exhibitors had just moved their cattle to the Maryland State Fairgrounds from the Farm Show Buildings in Harrisburg where they had showed in the Pennsylvania Exposition

Junior show classes were very large with over an hour being taken to two judges to place some of the classes. In addition to Maryland and Pennsylvania junior showmen, steers came from as far away as the New England States, Virginia and West Virginia

The lamb show was dominated by Maryland breeders with the University of Maryland showing the grand champion individual.

The Pennsylvania 4-H judging team will next judge at the Inter-

Grand Champion Steer Brings \$1.80 a Pound

The grand champion steer of the Pennsylvania Livestock Exposition sold at auction Friday for \$1.80 a pound to Howard Johnson Restaurants. The animal, an Angus, was the entry of C. E. Yoder & Sons, Fruitland, Iowa. It weighed 1,075 pounds and brought a total price of \$1,935.

Howard Johnson Restaurants bought the reserve grand champion also, a 1,175 pound Angus of 17-year-old Fred Bernhard, Mt. Joy, at 61 cents a pound, for a total \$716.75. This was the grand champion of the 4-H and FFA steer division

Live steers averaged 34.42 cents a pound, lambs 28.36 cents, and hogs 24.8 cents.

All were sold at auction, with Abe Diefenbach, Lancaster, Pa., auctioneer.

national Livestock Exposition. They were given a run-down on their mistakes in placings by the judges following the announcement of the winning teams.

The Pennsylvania State University team will also judge at the International. Herman Purdy is coach of the PSU team.

Soil District To Hold Tour On Conservation

representatives of cooperating agencies State Department of Agriculture, Robert Strubble; Bureau of Forests and Water, John Kitch; County ASC, G. Landis Becker; Farmers Home Administration, Rudy York; Production Credit Assn., Lee Brobst, Highways Dept., John Detz, Game Commission, Roy Trexler, Fish Commission, Robert Betts, and Department of Education, Thomas Mahlon.

Twelve new cooperators were accepted by the board bringing the total number of farms in the district to 1,599. They are Galen R. Eberly, R3 Manheim 86 acres; Charles D. Rose, R2 Manheim, six acres, Noah Greiner Jr., R4 Manheim, 77 acres; P. Elmer Huber, R1 Litzitz, 98 acres, Andrew Low, R4 Manheim, 88 acres, Lloyd K. Sensenig, Ephrata, 60 acres, Marcus Z. Martin, R1 Denver, 130 acres; Norman G. Lauch, R1 Denver, 189 acres, Harvey Horning, R1 Denver, 60 acres; Elwood Baer, R1 Pequea, 80 acres; Abner S. Zook, R1 Bareville, 85 acres; and Harlan M. Keener, Lancaster, 40 acres.

Now...you may grow 320-pound calves in only 4 months

Purina Calf Chows are easily digested, highly palatable... practically eliminate nutritional scouring and death loss

Now you may raise 320-pound heifer calves in only 4 months' time.

In recent feeding work at Purina's Research Farm, 89 calves were fed exclusively on Purina's Nursing Chow-Calf Startena Program. At 4 months of age the Holstein heifers in this group averaged 320 pounds... a full 60 pounds heavier than is considered "good" for calves of that age. (Average as reported in Morrison's "Feeds and Feeding.")

And, these calves put on their vigorous, healthy growth for less than half the cost of whole milk feeding.

Simple... Easy... Cost-Cutting
Purina's Calf Program takes advantage of the life stimulating powers of colostrum... It provides the extra vitamins, minerals, energy, and disease protection not found in whole milk.

How the Purina Calf Program Works:

Colostrum for the first 3 days. Gives your calf Nature's miraculous disease-resistance factors.

This storehouse of energy and antibodies has no substitute.

Nursing Chow (Purina) for the next 30 days, plus Calf Startena. Gives calves minerals, vitamins, energy, and disease protection not found in whole milk.

Calf Startena (Purina) for the next 3 months. It is during this "fast growth" period that Purina-fed calves make gains up to triple their birth weight, build strong bones and smooth coats. At 4 months, they're big, rugged heifers already halfway to breeding weight.

Practical Dairymen Agree

Practical dairymen throughout the country have often stated: "My calves really go for these Purina Calf Chows." "... they have proved easily digestible." "Nutritional scouring and death loss have been practically eliminated."

Ask us about the facts on Nursing Chow and Calf Startena. Order some. Aim to grow big, husky calves in only 4 months on your farm.
