Over the past 31 years Kimber Leghorns have helped many breeders, hatcherymen, and commercial poultrymen succeed. Today Kimber Farms, Inc. trapnests over 20,000 pullets... has 284 single male pedigree pens... and a staff of 230 persons, including five full-time geneticists and three veterinarians. The K-137 is the best current product of a very broad research program.

May we send you a 16-page illustrated booklet about Kimber Farms and the K-137?

Children Give Yule Program For Society 2

Society 2 met Dec 14 at the Penryn Fire Hall and held a Christmas party. The group sang two Christmas Carols with Carolyn Pettifoffer at the piano Mrs Jay Sham read the Scripture. At roll call each member received their new year book. Incoming card from Mrs. Snavelly, the

side each was a mirror and greet-president.

Delegates from Society 2 to the State Convention are Mrs. Andrew Low and Mrs. Earl Pettifoffer. Alternates are Mrs. Ronald Gordley and Mrs Alvin Graybill.

In the children part of the program, Mrs Sahn in charge, the children played the parts of the Nativity scene. Dennis Keller had a recitation. The children gathered on the platform and sang Jingle Bells and soon Santa came with gifts and oranges.

For That Christmas Gift . . . DRYERS - Gas or Electric MAYTAG - CALORIC

GAS has GOT IT!

OLIVER Superior No. 17

Spreads Tough Stuff at High Speed

Heap it up! This Oliver No. 17 is rugged... shreds the big forkfuls from tractor loaders easily. A large main cylinder tears apart the matted chunks...the Hammermill Wide-spread distributes evenly over a full 7-foot swath.

You save all around with this No. 17. Oliver's exclusive, automatic, self-locking hitch and stand saves hitching time. No heavy lifting...no jackscrews. An inverted arch makes the No. 17 low at the rear. You can load from either side. And, wide flared boards make loading easier, increase box capacity.

See the perfectly balanced No. 17 that's easy to pull...that's designed for high speed spreading —up to 5 miles per hour.
