A motorist is injured every 23 seconds, the National Safety Council estimates. One person is the victim of a motor vehicle accident every 13 minutes.

The bedroom is the most dangerous room in the home according to the National Safety Council.

In the home, 28,000 persons died accidentally in 1956, the National Safety Council says while 14,300 died in work accidents.

UNLIKE MOST STATE FAIRS, the only ferris wheel at the Pennsylvania Farm Show in 1957 was found in the poultry display area. In each of the little cages were baby chicks, giving the public a chance to see the various types of chicks produced. (LF Photo)

More than twice as many males as females are killed accidentally each year, the National Safety Council reports

Auto accidents kill more persons under 65 years of age than any other type of accidents, the National Safety Council says.

egg prices going up! Purina prices low!

This is the time to make good egg profits...

Good news is here at last—egg prices are on the way up. And more good news—the forecast is for one of the lowest Purina Chow prices in 10 years. This is a ready-made opportunity for you to make some mighty good egg money—especially if you believe in feeding your hens good feed for top egg production.

Save on Feed Cost, Too

Still more good news—records from 10,000 Purina customers show that most poultrymen can cut feed cost per dozen by feeding Purina.

These folks who kept track and reported their results took only 4½ pounds of Purina to produce each dozen eggs. That's a full 1 pound less than the U.S. average as reported by the United States Department of Agriculture. And that amounted to a saving on Purina of 5 to 7 cents a dozen.

Help Your Hens Lay More
Now is the time to help your hens

lay more of those good-priced eggs. If you're not already feeding Purina, start them on Purina Layena right away. More poultrymen—by far—feed it than any other ration, because it does help hens lay their best. And at very low cost per dozen.

No matter what size flock you have or what your grain situation may be... talk over your feeding needs with us. Let us help you start your pullets on Purina Laying Chows for lots of eggs at about 5 to 7¢ per dozen less feed cost than average.

Poultry Health Hint—Pullets need worming before going to the laying house. Wormed birds are healthier, need less feed. And Purina Research has developed low-cost Purina Liquid Poultry Wormer for you. Just put it in the drinking water. The cost—only ¼¢ to ½¢ per bird! Come in and see us soon.
