## Farm Show Committee Begins Study Directed toward Getting Money

HARRISBURG, Mar. 9 — Looking to the future maintenance and

expansion of the Pennsylvania Farm Show building the Farm Show Committee has authorized a special study directed toward adequate State appropriations, Dr. W. L. Henning, chairman of the committee, announced today.

One of the major projects of the farmer sub committee will be a survey of ways and means for obtaining a State appropriation or a General State Authority allocation of approximately \$2 million for a 3-story building for which GSA is completing plans and specifications, the State Secretary of Agriculture said.

Other pressing needs of the State Farm Show include an increase in the 1957-59 biennial budget to meet advance costs of operation, general maintenance and repairs to the 27-year-old building, also funds for installation of new lighting and public address systems in the Farm Show Arena, according to Henning.

The following commissioners were appointed as members of the 1959 show premium list committee Dr. H. R. Albrecht, agricultural extension director at the Pennsylvania State University; L. H. Bull, State Deputy Secretary of Agriculture, and James E. Work, Umontown, RD.
