

**Less Working Time Needed to Buy Meat**

It takes considerably less working time to earn the price of a pound of meat today than it did 10 years ago, according to figures based on information from the Bureau of Labor Statistics of the U.S. Department of Labor.

The most recent statistics available indicate that in 1957 it took 19 minutes of working time to buy a pound of meat, compared with 30 minutes in 1948
