Simple Cotton Dress to Be Made By Dress Course Students

UNIVERSITY PARK, Pa. — Each student makes a simple cotton dress by using up-to-date construction methods taught in the seven lessons of a new correspondence course, "Sewing — Making a Dress," offered by the Agricultural and Home Economics Extension Service of The Pennsylvania State University.

Written by Bernice J. Tharp, associate professor of clothing extension, the course emphasizes colors, pattern designs, and fabrics best suited to the individual and the occasion. Simple alterations in patterns are described, as well as garment finishes such as seams, buttonholes, hems and belts. Accurate methods for cutting and fitting are shown, along with several well-illustrated circulars and leaflets. All construction methods are learned through diagrams, pictures and written instructions.

A nominal charge of 25 cents a lesson is charged to cover cost of printing, expert correction and grading of lesson papers, and mailing. The complete course can be obtained by sending a check

Core apples without cutting through the blossom end. Pare apple one-fourth of the way down. Put raisins into centers of apples.

Place apples in a baking dish and pour the orange juice and water around them.

Combine the flour, salt, sugar, cinnamon, orange rind, butter or margarine, and peanut butter mixing until crumbly. Stir in the peanuts. Spoon the peanuts over the raisins, piling some in a mound on top. Bake at 375 degrees about 1 hour, basting with the liquid every 15 minutes. The top of the filling may be toasted by placing in the broiler the last 5 minutes. 4 servings.

or money order for \$1.75, made payable to The Pennsylvania State University, to Director of Correspondence Courses, Agriculture Education Building, University Park, Pa.
