DEMONSTRATING HIS pit cleaner, Ben shows how the unit operates — so simply, his 11-year-old son can handle this twice weekly chore. LF PHOTO

Ben maintains one of the most efficient units in his automatic pit cleaner system. A pair of 11 foot blades cleans each side of the house, scraping droppings into a chain belt, which drops the cleanings into a manure spreader at the side of the house. Total cleaning time, less than two hours weekly. LF PHOTO
