P.C.A. Celebrates 25th Year

Members of Lancaster Production Credit Assoc. and Nat'l Farm Loan Assoc. of Lancaster this week completed a unique three-night annual meeting program in Lebanon, Lancaster and Dauphin counties.

The trip of local meetings, conducted to facilitate ease of attendance by the joint groups' members saw more than 250 PCA and NFLA voters turning out to help observe Lancaster PCA's 25th Anniversary.

Highlighting the Silver Anniversary mark for PCA in this area, was the election of H. Wilbur Heller, Conestoga RD 1, one of our expenses and income for the previous three years, and

\$18 - 19.

Stocker and feeder steers sold for \$24.50 - 27 and stock steer calves, \$28 - 30. Good butcher calves, \$28 - 41.50, mediums sold at \$23 - 28, thin calves, \$22 - 30.

WILBUR HELLER

with the records most farmers were keeping then, well, you can guess the problems."

"I remember listing my farm equipment. There were four mules, among other things. One mule was named Mike, well actually his name was Michael," Heller quipped.

Elected with Heller to the NFLA board was Jacob Smith, the incumbent, Annville, RD 1.

John J. Kahler, Millersburg, was returned to the PCA board, where he serves as vice-president.

In discussions, we had to list all pens then then in our farm credit groups. A unity formally established when their annual meetings were

Spring Vegetable Guides Issued

Wash, D C — The USDA last week issued acreage-marketing guides for 1959-crop spring vegetables for fresh use, and for spring melons A total 1959 planted acreage for spring vegetables three percent below 1958 is recommended and a one percent decrease is recommended for spring melons.

More information is available from regular USDA agencies, including the recommended percentage from 1958 to 1959 for each of the 18 major fresh spring vegetables covered.

coupled nine years ago

Heller spoke briefly during this year's meetings, recalling the early operation of each group in the area.

Discussing the credit apportionment of the original 25 charter members of the local PCA group to the board of directors of NFLA.

This switch emphasized the unity of operation which has been evident during the past two decades in the local application methods following the Dec. 21, 1933 organization meeting, he said, "First, we had to buy a \$5 share of stock, and that was a big expense."

G. G. Minnich, Lititz R D 3, is PCA president, Samuel G. Ober, Elizabethtown, RD, John H. Gubble, Myerstown RD 2, and Richard P. Maule, Quarryville R D 2 board

Society No. 12 Elects Officers

Society 12 held their November meeting at the home of Mrs. Earl Mowrer, Conestoga R2, with Mrs. Henry Elsen as co-hostess.

Mrs. Lester Sigman presided over the meeting which included a report on the county convention by Mrs. Bernice Eshleman and election of 1959 officers.

The following officers were elected for two year terms: Mrs. Henry Elsen, president; Mrs. Howard Jones, vice-president; Mrs. William Shenk, 2nd vice-president; Mrs. Raymond Aston, secretary, and Mrs. James Frey, treasurer.

The society also voted to give \$10 to the Society for Prevention of Muscular Dystrophy, and \$5 to the American Bible Society.

A miscellaneous auction was held and raised \$30.35.

The Christmas party will be in the Highville Fire Hall December 20. Mrs. Aaron MerWvM1, oA hrd hrd Blacher, Mrs. Clarence Witmer will be co-hostesses. Also, fruit juices will be collected for Heart Haven and gifts will be exchanged

members.

The NFLA board includes: Ira M. Krall, Myerstown RD 2; Samuel B. Williams, Jr., Middletown R D 1; Richard B. LeFever, Quarryville RD 1, Heller and Smith.

DEKALB CHIX

It Takes MODERN-DAY SCIENCE to Produce MODERN-DAY LAYERS

It Takes "KNOW HOW" The days of "backyard" poultry breeding are gone forever. It takes a crew of skillfully trained scientists to produce the highly efficient and productive DeKalb layers demanded in today's highly specialized poultry industry. DeKalb has the skilled personnel—the "Know-How."

It Takes "VOLUME" It takes large numbers of research birds to produce top-quality Chix. DeKalb maintains thousands at all times. DeKalb develops many, many inbred lines. DeKalb makes hundreds of experimental crosses each year. Yes, the LARGER the program, the GREATER the selection pressure, the greater chance for better birds. DEKALB has the "VOLUME."

It Takes "EQUIPMENT" It takes many buildings... many research workers... an army of birds... an unbelievable array of necessary equipment. And, it takes the magic of the "punched cards" to record the individual records of thousands of birds. DEKALB has the "EQUIPMENT."

This means "SATISFIED CUSTOMERS" The tremendous increase in popularity of DeKalb Chix can be traced to the performance of the DeKalb Chix themselves. This results in an increasing number of satisfied customers every year. Insist on DeKalb, the Chix that have what it takes.

GOLDEN YOLKS IN FIRM, THICK ALBUMEN

High egg quality is a characteristic that helps to create continuous demand for DeKalb eggs the country over. Interior quality is of prime importance in DeKalb's poultry research program.
