ON MAY 14 the USDA accepted bids for the purchase of another 740,250 lbs. of dried whole egg solids for distribution to needy persons and welfare groups. This brings to 2,163,700 lbs. the total purchased since the new egg-buying program began on April 24, in an effort to stabilize and strengthen the egg market.

DO in Milk Tank CUTS CLEANING Time!

With a touch of her hand... an automatic in a farm milk tank... a control knob... Spray washing up... fitting new labor-saving national

Mechanically, it's simple. The variable speed motor turns the agitator at low speed during cooling, at a faster speed for butterfat testing. When the tank is empty the agitator spins at top speed... to wash, rinse and sanitize.

Design features that Zero's round vacuum clean make it possible to clean automatically. It's a Zero's Super tank hook-up, and

Zero offers you a tank with a future. Send post card today for complete information.
