

gent, will return to the school as one of eight selected 1958 school alumni to serve as a special staff assistant for the training faculty.

### Seven Add Land To Soil District

Seven new cooperators were approved this week for membership in the Lancaster County Soil Conservation District, by District Directors in regular monthly business session.

Representing the Senior Extension club will be Janet Risser, Holtwood RD 1, and William Endslow, Marietta RD 1

Other 4-H Council members to attend include:

Pat Musser, Columbia R D. 1; Joanne Denlinger, Lancaster, Darwin Boyd, Ephrata RD 1, and J. David Lapp,

Land controlled by the seven county farmers and included under their agreements totals 534 acres. The new district members are:

Elmer M. Burkholder, f Ephrata R. D. 3, 43 acres; Raymond Gehman, of Bowersville, 150; Monroe W. Good, East Earl R. D 1, 88, Paul S Good, Denver RD 1, 55; Harvey Leinbach, East Earl RD1, 30; Rufus Musser, Rothsville, 93, and Fred H. Sherick, Willow Street, 75 acres

Miss Vera Weaver, Lititz and Manheim Central Elem. School teacher, was presented the District scholarship to Penn State's Soil Conservation Lab Workshop this

The Agricultural Hall of Fame will be located on a site 11 1/4 miles west of Kansas City, Kansas. The location includes 409 acres adjacent to the Kansas turnpike on the south and US Highways 24-40 on the north. It is predicted that 200,000 persons will visit the Hall in its early years—as many as a million later on

summer. The award is sponsored by Harry H. Noll, Lancaster investment broker and conservationist

## BURLING'S CHICKS FIT FARMERS' NEEDS!

You can find just what you want at Bill Burling's hatchery. You have eight top strains and crosses to choose from. Our Leghorn eggs hardly need grading—they're so uniform. Our Sexlinks are very popular with nearby farmers.

Then there are the "pick" of the best strains and crosses for Broilers, or meat-and-eggs.

Our many top wins at Chick and Egg Shows prove their quality in competition

One customer said our Carey Leghorns are "Just wonderful birds to handle". That's important in high-powered Leghorns.

Take your pick to suit your needs.

#### Burling's Big 8

Carey's Famous Random Sample Test-winning Leg-

horns. A customer made a 270-egg average on 1800 birds!

Merryknoll Sexlink (Rock male x Andrews White Rock "brain" methods).

Golden Sexlinks — Harco male x Andrews White Rock female. They're tough, and great layers.

Cobb's White Rocks — Broiler Test winners and good layers too.

Vaniress x Cobb White Rocks — Popular for meat.

Garrison Cornish Male x Cobb White Rock female. Super meat quality.

Gove's Barred Rocks. Still a favorite of many farmers.

Burling's New Hampshires. Carefully selected stock.

When you're ready to order (and it's getting late) pick up the phone and call Oxford 286 collect.

A Chick for every Farm or Business-flock need!

## Potato and Tomato Growers—

Du Pont **MANZATE**<sup>®</sup> gives powerful disease protection... helps produce higher yields, more No. 1's

FOR POTATOES—"Manzate" gives outstanding control blights... it's the "new standard of excellence"

grower tests, "Manzate" has boosted yields of No. 1's an average of 21 1/4 hundredweights per acre over standard fungicide programs. Right in your own state, "Manzate" led all other fungicides. In fact, in these tests, "Manzate" stood out best because it consistently resulted in high yields. Last year, potato fields treated with "Manzate" stayed blight-free, although surrounded by infected areas in many instances.

FOR TOMATOES—"Manzate" is the most nearly perfect fungicide yet developed

Don't risk the severe disease damage that so many tomato growers suffered during 1958. Use "Manzate" for positive control of all major fungus diseases of tomatoes. "Manzate" controls defoliation and fruit rots with maximum efficiency, yet is mild on plants. And long-house records show that spraying "Manzate" increased tomato yields an average of 75 per cent over untreated fields.

Remember these advantages from "MANZATE"...

- Outstanding Disease Control.
- Thoroughly Tested, Recommended.
- Flexible Spray Programs, "tailor-made" for your area and conditions.
- Easy to Use—No mixing or handling problems.
- Economical—The most disease control for your money.

For the most effective disease control, be sure you get Du Pont "Manzate" maneb fungicide. Order a supply of "Manzate" from your dealer now!

On all chemicals, always follow label instructions and warnings carefully.
