

Smith To Head Pa. 4-H

Dr. William M. Smith, Jr. has been named state 4-H leader at the Pennsylvania State University, effective July 1. He succeeds Chauncey P. Long who retires June 30 with thirty-one years of service.

Dr. H. R. Albrecht, director of agricultural and home economics extension at the University, said Dr. Smith will be the fifth person to fill the top 4-H position since this work was made a part of the Penn State extension program in 1915. He takes charge at a time of rapid growth and peak enrollment—44,090 in 1958.

After teaching at the Universities of Illinois and Arkansas, Dr. Smith joined the Penn Staff in 1947 as an associate professor of family relations and was raised to full professor in 1950. He is an author and editor and widely known as a public speaker.

A graduate of Ohio State University, he holds two degrees also from Cornell University. He studied at the Universities of Wisconsin and Chicago, and in 1954-55 spent a sabbatical leave in post-doctoral study at Merrill-Palmer School in Detroit on a Grant Foundation Fellowship.

A fellow of the American Sociological Society, he is a member also of the Rural Sociological Society and the American Association of Marriage Counselors. He is a board member of the National Council of Family Relations, and a department

'59 Oats Support Set at 59 Cents

Prices for Lancaster County's 1959 crop of oats will be supported at 59c per bushel for Grade No. 3, according to Landis G. Becker, Chairman, County Agricultural Stabilization and Conservation Committee.

To be eligible for support, 1959-crop oats must grade No. 3 or better or No. 4 on the factor of test weight under the revised grain standards effective on June 1 of this year.

Premiums are one cent per bushel for Grade No. 2 or better, one cent for heavy test weight, and two cents for extra heavy test weight. Discounts are one cent per bushel for Grade No. 4 on the basis of test weight only and three cents for garlicky.

TORNADO in Milk Tank CUTS CLEANING TIME

The girl above, with a touch of her fingers, controls a tornado... an automatic, cleansing tornado in a farm milk tank. Simply turning a control knob starts Zero's Spatter-Spray washing up for you. This exciting new labor-saver is attracting national attention.

Mechanically, it's a speed motor turns the speed during cooling, butterfat testing, empty the agitator to wash, rinse and...
Zero offers you...
Send post card today for information

Exactly the same design features that have always made Zero's round vacuum tank easier to brush clean make it possible today to wash automatically. It's a logical development of Zero's Super Strainer, direct cow-to-tank hook-up, and other Zero labor-savers.
