

● Summer Time

(From page 7)

2½ teaspoons cinnamon
1 teaspoon ginger
¾ cup milk
Place butter and molasses in saucepan. Stir over low heat until butter is melted. Add sugar and eggs. Blend. Sift together dry ingredients. Add to molasses mixture, alternately with milk. Mix well. Drop from large tablespoon onto cookie sheet at least two inches apart and one inch from the edge of the cookie sheet.
Bake in moderate oven, (350 degrees) 10 minutes.
For a special treat for the kiddies (and grownups) try this:
Form a sandwich with two molasses cookies and a slice of regular or special-pak ice cream. Trim the slices, if necessary, to fit the round cookies. To store in freezer simply wrap in foil or freezer paper and use as desired.

Orange Chip Cookies

1 cup butter
½ cup granulated sugar
½ cup brown sugar
2 tablespoons orange juice
1 tablespoon orange rind
1 egg
2¾ cups sifted flour
½ teaspoon salt
¼ teaspoon soda
2 ounces semi-sweet chocolate, grated
Cream butter, granulated sugar, and brown sugar. Add orange juice, orange rind, and egg and mix well. Sift the flour, soda, and salt together.

Add to the orange mixture. Then blend in the grated chocolate. Shape into three rolls about 1½ inches in diameter. Wrap in waxed paper, and store in the refrigerator over night or until thoroughly chilled.

When ready to bake, slice thinly and place on an ungreased cookie sheet. Bake at 375 degrees for 10-12 minutes or until browned. Makes eight dozen.

SOFT WATER
AUTOMATICALLY
with the NEW

DURO

FULLY AUTOMATIC
WATER SOFTENER

You get plenty of perfectly softened water from every faucet with a Duro fully automatic water softener. Softens automatically - no regenerating attention required. Backed by Duro's 43 years of experience manufacturing softeners and filters.

Let us explain how easily you may own a Duro Softener

growers of corn, cotton, rice, tobacco and peanuts, the other crops which have both production controls and minimum price supports set by Congress.

The Commodity Credit Corporation owns or has loans on nearly \$9 billion worth of those six basic commodities. Storage costs alone on those surpluses run close to almost a billion dollars a year.

It was the so-called "city vote" on Congress that turned the tide against the wheat bill raising price supports from 75% to 90% of parity. Their contention was that it would both raise the price of bread and increase price support costs.

Seven times this year Pres

ident Eisenhower asked Congress to pass a wheat bill that would let prices in the open market determine how much of the grain farmers grow. Seven times Congress said it would not agree to the big reduction in grower's income that would result from cut-throat pricing.

Sooner rather than later farmers, consumers, Congress and the Administration must come to the inescapable conclusion that present farm programs are not worth what they are costing. Continuing them as they are would be as foolish as complete repeal would be tragic for both farmers and consumers.

AN AIR-BLAST SPRAYER used properly should permit as good control of most row-crop diseases as the more widely used fixed-boom sprayer, according to USDA officials.

unloads by itself
automatically... from side or rear

No other forage box offers more—yet this Gehl Forage Box costs less than semi-automatic wagons. And now Gehl has added new optional features including: 40-inch conveyor extension for filling even the tallest bunks; a reversing apron for rear unloading. The Gehl Forage Box is really automatic—unloads by itself while driver sits and watches. It can be truck-mounted too! Comes ready-built or as a kit of metal parts with free building plans. Ask us about the low Gehl price!
