

For the Farm Wife and Family

¼ teaspoon salt
1 tablespoon lemon juice

ten minutes.
Wash the garments using a water conditioner or softener that leaves the water clear rinse in softened water then in clear water.

Prevent Nylon Tricot Slips From Clinging

You need to counteract the static electricity and this can best be done by adding a small amount of liquid detergent to the final rinse water. Use only a couple drops in a basin of rinse water.

New Fabrics Present Spot Removing Problems

With so many new fibers and fabrics on the market the problem of removing the spots and stains is multiplied. The most important rule for getting out spots is to work quickly. But you need to use the right method for the fabric you have.

Or use a fabric softener according to directions on the bottle. There are some anti-static materials on the market.

Whiten Dacron or Dacron And Cotton Garments

If these garments discolor or turn yellow you can get the soil out and restore the whiteness by soaking in a dishwashing compound.

Use one cup of the compound in one gallon warm water and let the garments soak overnight. Use an enamel container. Then rinse under the faucet for about

In many of the new synthetics, grease stains are quite a problem since these materials seem to pick up and hold grease so easily. Any grease stain from butter, food spill or from body oils is hard to remove.

Usually the collar and neckline, across the dress back and cuffs or sleeves seem to accumulate the most (Turn to page 8)

Recent studies show you're going to keep it fresh with an over-the-top isn't making use of your freezer. With bread so handy to replenish its better to often make your own bread. You may choose to use the bread still frozen. It's good for making sandwiches because fillings spread on it easily and it will hold well in a packed lunch. Frozen slices can also go directly into the toaster.

General method: Cream butter thoroughly. Grind fish, meat or vegetables to a paste and combine with the seasoning and butter. If mixture is not entirely smooth rub through a sieve. Spread on bread or toast cut into dainty attractive shapes and garnish appropriately or use as a base for sandwich fillings.

Toast Spreads

Cheese Butter
½ cup butter
¼ cup grated Parmesan cheese or 1½ ounces Roquefort or ½ cup snappy cheese spread

Egg Butter
½ cup butter
4 hard-cooked egg yolks
Few grains cayenne
6 drops Worcestershire sauce

Ham Butter
½ cup butter
¼ pound cooked ham,
2 hard-cooked eggs, chopped
Dash pepper

Lemon Butter
½ cup butter
Grated rind of 1 lemon
1½ tablespoons lemon juice
1 tablespoon minced onion

Pimiento Butter
½ cup butter
¼ cup mashed pimiento
2 teaspoons India relish, drained

Poppy-Seed Butter
½ cup butter
½ cup hot poppy seeds, ground (Use caraway seeds or sesame seeds instead of poppy seeds.)

Shrimp Butter
1 cup butter
1 cup cooked shrimp

3 Killers are WANTED

... by farmers all over the country!

Rockland KLEEN-KOW Fly Spray

The potent fly spray with the championship record—99% knockdown and 99% kill by actual Pest Grady test. Now with powerful new KC-11 Repellent, which protects cattle for two days after spraying—and keeps insects away even in pasture.

KLEEN-KOW Aerosol

The farmer's favorite. Handy 1-lb. disposable bomb will rid a barn of flies for less than a cent a cow. Kills ALL flies. There is nothing more convenient and effective on the market. U.S. approved "non-toxic."

Rockland GREEN DEATH

Dry Bait D. D. V. P.-Malathion

A deadly 1% Malathion granular fly bait impregnated with fly attractor and packaged in handy 2-lb and 5-lb. bags. Contains Dimethyl Dichlorovinyl Phosphate (D. D. V. P.) to reduce possibility of resistance by insects.
