Wet soils are not necessarily sour or acid. A lime test will tell the story.

FROM CANADA

a layer with an international reputation!

The Shaver Starcross 288

Canada's great pedigree breeding farm is North America's largest exporter of breeding stock to Europe, with weekly jet flights across the Atlantic. The size, scope and quality of the Shaver Research and Testing program can be equalled by few competitors anywhere in the world. In addition to our headquarters plant in Galt, Canada, where we trapnest 24,000 females, our testing program is conducted at our four modern test plants located from coast to coast in North America.

NEW HI-ENER-G 16 LAYING MASH

7 1/2% More Efficient

Than The Present Formulation

This new formula will lower feed cost by about one cent per dozen — because increased efficiency means less feed per dozen eggs.
