

At Lancaster Yards Steer Supply Plentiful

James E. O'Hara,
In Charge, Market News Branch

This week's receipts of 8,100 head is the largest in many years, and 2300 head more than last week. Slaughter accounted for about 30 per cent of the supply and stockers and feeders 65 per cent. Stockers and feeders have been in plentiful supply all week and indications are that they will continue to be plentiful next week.

Trading on slaughter steers was slow and the movement of stockers and feeders ranged from slow to fairly active. Cows and bulls were fairly active. Lot Prime 1040 lb. slaughter steers made 30.40. High Choice and Prime 968-1236 lb. steers brought 30.00-30.25.

The bulk of the Choice slaughter steers ranged from 28.25-29.75, Good to low Choice made 26.00-28.50, while Standard and Low Good made 24.50-26.25. Utility and Coml. bulls made 22.50-26.00, Good grade fed bulls went to the scales at 26.00-27.00. Cutter and Utility cows made 16.25-19.75, & Coml. cows sold up to 20.75. Canners and low Cutters made 14.75-16.25.

Good and Choice 800-1950 lb. feeder steers brought 26-25-28.50, Medium and Good made 24.00-27.50. Good and Choice 550-800 lb. stock steers ranged from 28.00-32., with medium and good at

25.50-28.50, few lots Common down to 21.00. Good grade stock calves made 29.-33.00, few lots Choice 475-565 lb 35-36 Medium and Good sold from 26.00-30.00.

The receipts in the calf division will be about 150 head less than last week's 868 head count. Trading was active this week. Vealers were steady to 1.00 higher. Good and Choice vealers made 27.-34.00, and Choice and Prime reached 34.00-38.00, with a few Prime at 39.00-40.00. Standard and low Good kinds made 21.00-27.00 while Utility sold down to 18.00.

Trading was fairly active on about 500 head of hogs this week. Barrows, gilts and sows held steady compared with last week's close. U.S. 1-3 grade 200-230 lb. barrows and gilts made 15-15.50 No. 3 down to 14.50. Hogs more uniform for wgt. and grade including 1-2 grade 200-220 lb. sold at 15.75-16.50. 170-195 lb. hogs brought 14.25-15. Lots No. 3 300 lb. sold for 13. 300-600 lb. sows made 8.-12.

The wk's supply of 1075 head of spring slaughter lambs is about 350 head more than last wk. Trading active. Spring lambs steady. Good and choice 60-95 lb. lambs sold at 21-23.50, utility and low good 17-21.50.

Chicago Cattle Supply High Steer Prices Hit Slump Prices Drop

CATTLE—Receipts slightly larger than last week, largest of the year to date, and about 10 per cent greater than a corresponding week last year. Receipts this week and last totaled nearly 100,000 head, about 90 per cent of which slaughter steers and heifers grading good and better.

Small increase in percentage of slaughter steers this week and small decrease in the percentage of heifers. Less than 5 per cent stockers and feeders although the supply of such cattle larger than last week.

Percentage prime steers slightly smaller than the 11 percent prime last week. Slaughter steers sold steady Monday despite receipts of over 25,000 cattle, largest for any day since last May, the market weakened later under the wgt. of numbers with prices trending sharply lower after midsession on Wed.

Slaughter steers closed weak to fully 1.00 lower, mostly 50-75 lower than late last week, fully 1000 head still unsold late. High choice and prime heifers steady to fully 25 higher. Stockers and feeders weak to fully 50 lower, clearance incomplete. Steer and heifer carcass beef prices in the wholesale meat market steady to 1.00

Prices on all kinds of steers at New Holland were .75 to \$1.00 lower on Thursday. Calves moved barely steady while most other kinds were .50 to \$1.00 lower.

Receipts for the day were: Cattle 1156, Calves 367. The overall market was very sluggish. Short fed heavy cattle in very poor demand. Feeder cattle and stock steers 50 to 75 lower. Cows all kinds — a full dollar lower. Heifers slow and lower.

HYDRAULIC
Barn Cleaning
DEMANDS
Through Cleaning.

Terramatic barn cleaners give you customized installation with savings. Terramatic Barn Cleaners operate simply with one compact hydraulic power unit, which can be placed on a small shelf overhead. Each gutter is driven by a hydraulic cylinder, which will efficiently operate any size gutter. There is no power loss when load is increased. Your installation regardless of its complexity, can be simply installed because there are no sprockets or chains which definitely causes continuous maintenance and costly operational expenses. Terramatic's design of fast pivoting paddles and precise movement eliminates the problem of having the manure riding under the paddles. Terramatic merchandising provides you with complete service from your local dealer, because of convenient and inexpensive stocking.

NEW OLIVER
110-Bushel PTO No. 27

Sized Right
for Big Spreading Jobs

This is the *practical* size—all the capacity you need for large dairy and feeder herds, to save time in daily job of spreading. There's new ruggedness in the big No. 270—deeper, wider, stronger flareboards... heavier side stakes... extra huskiness all the way through to take pounding of power loading, to handle tough, oversized, matted chunks. There's new power take-off flexibility in the No. 270, too. A new, in-line power drive adjusts automatically to the twists of heavy loads in rough fields. And you can heap up the low Oliver. There's overhead cylinder arch to interfere with loading/unloading. Rear wheels are located to balance the load, aid traction in slippery barnyards. Self-locking hitch stand avoids lifting. Check the new Oliver No. 270 before you buy any PTO spreader.
