Household Hints

When you are asked to make sandwiches for a large group, spread a thin layer of soft butter or mayonnaise to cover crusts, edges, and corners of the bread. This prevents soaking the bread.

Waxy rice used to thicken sauces and gravies for freezing will not "curdle" after thawing as do some of the usual thickeners.

Protect your shrubbery when painting the exterior of your house. Cover shrubbery with an old sheet, plastic or paper dropcloth.

Turkey is highest in protein of all meats, and, along with roast chicken, lowest in fat.

As you remove garments from moth-ball storage, tumble them in the dryer with no heat for a few minutes to help get rid of the odor.

If a blouse doesn't fit well or requires much altering or conditioning it is a poor buy at any price.

Cover a dark or shiny study top with a light colored blotter to reduce glare and lessen contrast.

On half-cup of diced fresh pineapple will supply about one-fifth of the daily recommended allowance of Vitamin C for an average man—and only 34 calories.

When sewing wash and wear fabrics, press seams and folds only when you are sure of the seamlines, as pressed creases will leave marks on this material.

Remove the cellophane wrapping from a lampshade before you use it. These wrappings create glare and may cause the frame of the lampshade to warp.

Place all roasts, except rib roasts, on a rack before you put them in the oven. A rack allows heat to circulate more freely and keeps the roast out of its drippings. With a rib roast, a rack is unnecessary because the bones form a natural rack.

Spots can easily be removed from sofas and chairs that have cotton-cushioned inner-spring construction. Cleaning fluids, which would damage foam rubber, are not harmful to cotton cushioning.

4-H Baby Beef Deadline Date Is October 15

Farm boys and girls in Lancaster County 10 to 20 years old are reminded that time is here to enroll for Baby Beef Club.

Members are required to feed a steer of one of the three established beef breeds until finished next fall. Young farm people in the club will receive instruction in feeding, fitting, preparing and showing steers, and keeping records on the enterprise.

Two beef clubs are active in the county. The county wide Red Rose Club shows calves at the Southeastern district show, the Pennsylvania Livestock Exposition, Eastern National Exposition, and the Penna. Farm Show. The New Holland club has membership restricted to the northern section of the county, and all steers in the club are shown and sold at the New Holland Fair.

Boys or girls interested in joining either club should contact the county Extension Office, 202 Post Office Building, Lancaster, or one of the local leaders by October 15.

Club leaders for the Red Rose Club are Mylin Good, Manheim R1; Fred Linton, Quarryville R2; Victor Longenecker, Elizabethtown R3; Jay R. Nissley, Manheim R4; Ira L. Rutt, Peach Bottom; and Harry S. Showalter, Reinholds R1.

In the New Holland area the leaders are Lester Good, East Earl R1; John B. Lapp, Bareville R1; and Jacob K. Mast, Elverson R2; and Lester M. Weaver, New Holland R1.

Local Company Announces New Hatchery Site

Announcement was made this week by Mr. Leslie S. Hubbard, Hubbard Farms Hatcheries, of the opening of a new branch hatchery at Grove City, Penna. This new location will serve poultrymen in western Pennsylvania and eastern Ohio.

Located in Mercer county at the site of the former Richey Hatchery, the new facility will be managed by Thomas F. Richey, Jr. A graduate of the Pennsylvania State University, Richey has been operating the hatchery at its present location for the past 30 years. He was one of the first individuals in Pennsylvania to operate an accredited hatchery.

Both meat and egg strains of chicks will be produced at the hatchery. In addition to the Grove City plant, Hubbard has hatcheries at Walpole, N. H.; Statesville, N.C.; and Lancaster.

BURLING'S CHICKS FIT FARMERS' NEEDS!

You can find just what you want at Bill Burling's Hatchery.

You have eight top strains and crosses to choose from. Our Sexlinks are very popular with nearby farmers.

Then there are the "pick" the best strains and cross for Broilers, or meat-and-eggs.

Our many top wins at Chick and Egg Shows prove our quality in competition.

One customer said our Carey Leghorns are "Just wonderful birds to handle". That's important in high-bred Leghorns.

Take your pick to suit your needs.

Burling's Big 8

Carey's Famous Random Sample Test-winning Leghorns. A customer made a 70-egg average on 1800 birds!

Ready - to - Lay Pullets Available At ALL Times

Merryknoll Sexlink (Rock x Red)—Bred by electronic "brain" methods.

Golden Sexlinks — Harco male x Andrews White Rock female. They're tough, and great layers.

Cobb's White Rocks — Broiler Test winners and good layers too.

Vantress x Cobb White Rocks — Popular for meat.

Garrison Cornish Male x Cobb White Rock female. Super meat quality.

Gove's Barred Rocks.. Still a favorite of many farmers.

Burling's New Hampshires. Carefully selected stock.

When you're ready to order, pick up the phone and call Oxford 286 collect.

IT'S IN THE FEED! Can You Get It Out?

WE REPEATEDLY GET LAYING FLOCK RECORDS AS FOLLOWS...

12 month operation (floor)
Four pounds feed used per doz. eggs produced.

Good! Of course it is good. Some do better. Some not quite so good.

Breed Management Weather
And a lot of other factors are involved

But It's in our feed. Let us help you get it out. When you house your birds, feed EARLY BIRD.

Miller & Bushong, Inc.

Rohrerstown, Pa.
Ph. Lancaster EX 2-2145

Manufacturers of Poultry and Livestock Feed Since 1875

with the new Allis-Chalmers Rotary Mower

Chews up woody brush just as easily as it clips weedy pastures. Saplings are shredded by axe-stroke action... grassy growth is pulverized by hammer mill action. Two knives whirling at 1100 rpm are pivot-mounted to provide breakage-free cutting.

Ideal for cutting up corn, maize and cotton stalks, vines and other crop residues... mowing pastures and grassed areas... chopping brush and tree prunings.

You must see this mower in action to appreciate its effectiveness and durability. Call us for a demonstration on the "problem" acres of your farm.

Ask us about the Allis-Chalmers plan to finance your time purchase of farm equipment.
