ress rather than a mattress
cover. A mattress cover may
seal in air and cause the rub-
ber to develop objectionable
odors.

Never place foam rubber
articles near heat as heat
causes rubber to deteriorate.
And for best service, lay the
foam rubber pillows flat on
a bed.

Clean soiled spots or stains
from rubber articles by spon-
ging them with a solution of
water and mild neutral soap.
Then sponge with clear wat-

er. Do not twist as this will
break the rubber. To remove
water, place the cushions be-
tween two large turkish tow-
els and apply ppressure. Dry
in a breeze and out of direct
sunshine.

**DAILY CARE PROTECTS
AND BRIGHTENS FLOORS**
Daily care helps keep floor
surfaces at their best. You
can best keep floors looking
bright and clean and protect
them from scratches if you
get soil off quickly and then

use a wax coating.

Each day get up the grit
and lint from the floor. You
can keep the family from
bringing in dirt by using a
rug at the door. In bad wea-
ther an outside mat for scra-
ping and an inside rug will
do a lot to keep grit off the
floor.

To get up any stray dirt,
use your vacuum cleaner

with the brush attachment.
Or use a soft hairbroom, not
a harsh-bristled broom that
will scratch the floor.
A dust mop sprinkled with
water or a dampened sponge
mop are both good for pick-
ing up dirt before it's ground
into the floor. But don't use
oil on a mop as it may soften
the surface. Wipe up any

ALL "Certified" SEED IS NOT ALIKE

BE SURE YOU SELECT THE BRAND THAT
CONSISTENTLY EXCEEDS REQUIREMENTS

DON'T BE FOOLED. All certified seed is not alike. Year
after year, A. H. Hoffman Seeds, Inc. — the largest pro-
ducer of "Certified" winter grains in Pennsylvania—ex-
ceeds the state certification standards for quality by a
wide margin.

FOR EXAMPLE:

Penna. Certification Requirements for Wheat	A. H. Hoffman's Certified WHEAT "Pennoll" "Seneca" (4 year average)
99.0% (minimum) — PURITY	99.64% 99.67%
1.0% (maximum) — INERT MATTER	0.36% 0.32%
90.0% (minimum) — GERMINATION	94.00% 93.00%
58 lbs. (minimum) — WT. PER BU.	62.2 lbs. 62.0 lbs.

This explains why farmers who plant Hoffman Seeds
consistently get better results — bigger, better, cleaner
crops . . . why the blue certification tag alone is not
enough. The few cents more you may pay for Hoffman
seeds bring back many extra dollars in bigger crops. For
sixty years, Hoffman has served the farmers of Pennsylv-
vania with dependable seeds.

For complete information and prices on Hoffman Seneca
and Thorne WHEAT, Balbo and Tetra-Petkus RYE.

contact your Hoffman salesman today or
phone TW 8-3421 for delivery right to
your farm.

**Safe, Pure Water Is
As Necessary As Pure Food**

Water is the most important
single item in the human diet, be-
ing a major ingredient in foods as
well as beverages." — says Cliff
Lehman of Century Co., 15 West
Chestnut St., Lancaster. Doctors
recommend more water for better
health, particularly in the case of
children. Experience proves that
clear and taste-free water is un-
consciously consumed in greater
qualities than dirty, odorous, and
bad-tasting water.

Chlorination in municipal and
private water supplies is essential
to safety and should be welcomed by everyone. It's disa-
greeable taste is readily removed at the point of usage by
the Everpure water purifier, providing as sparkling clear
and taste free water as a mountain spring.

Coffee, our most popular beverage (95% water) can be
no better than the water from which it is made, regardless
of the coffee blend used. Dirt in the water makes muddy
coffee and chlorine lends disagreeable off-tastes and odors.
Everpure water permits the beverage to bring out the pure
taste and fragrance of the coffee blend used.

Clear and taste free Everpure water used in the prepara-
tion of tea, frozen orange juice and other beverages made
with water results in drinks of a quality in keeping with
the concentrates from which they are made.

You can have all the mountain spring quality water you
want at a fraction of a cent per gallon from your own
faucet. Call and ask me about Everpure.

For the answer to your water problems please call Cliff
Lehman at Century Co., 15 West Chestnut St., Lancaster
EX 4-9365, or stop in the office any day. We are also open
Tuesday and Friday evenings. Adv.

**Are you kept
on the run
by a
ring?**

If you had the
speed of a jet and
the stamina of a mountain
lion, then running up
and down stairs to
answer a ringing telephone
would never bother you.

Since most people don't have
these qualities, they have found
the easiest way to stop running is
to install convenient, low cost extensions
in their most lived-in rooms.
