RECORDS PROVE

you can INCREASE MILK PRODUCTION up to 30% with...

Yes, more world and national production records for both milk and fat have been set by individual cows on PIONEER than on any other feed! And that's true of herd averages, too... 30% increases in production on the PIONEER Dairy Program are not uncommon.

Take full advantage of the bred-in milk capacity of your herd by combining your good management program and PIONEER DAIRY FEEDS.
