MORE

FOR YOUR MONEY!

Here's why: Calves go on dry feed faster with no growth lag after weaning—grow into sleek heifers that freshen earlier. D. A. Buth and Gerrit Van Markenstien, Belmont, Mich., say: "Since we switched to the Wayne Calf program, including Wayne Calfnip milk replacer, we haven't had a

single case of scours." R. J. Honsinger, Hamilton, N. Y., says: "The Wayne Calf program does a better job than anything else I've tried."

Lots of others right around here are getting "More for Their Money" with the Wayne calf, pullet and pig programs too. Join them today!
