Two Countians Graduate at PSU

University Park — Two Lancaster County youths participated in graduation exercises April 2 for 33 agricultural students in winter courses at the Pennsylvania State University.

The graduates majored in one of three fields of work—farm equipment service and sales, ornamental nursery management, or turf-grass management. The training featured two years of study in the College of Agriculture, plus on-the-job experience

Graduation speaker was William L. Henning, State Secretary of Agriculture. Certificates of graduation were presented by Dr. Russell B. Dickerson, Associate Dean and Director of Resident Education, to Kenneth J. Bushong, Lititz and John R. Groff, Ronks, both of whom majored in Farm Equipment Service and Sales.

The first State Forest land was purchased in 1898. The initial tract was 460 acres in Clinton County and it cost \$14.80. Today one out of every 14 acres in the state is State Forest—a total of nearly 2 million acres. These forests protect our watersheds, provide timber, and bring beauty and recreation to the Commonwealth.

Introducing NEW PIONEER

Bulky Mix will stretch your grain... fortify it and make it more palatable

WHAT BULKY MIX WILL DO FOR YOUR DAIRY RATION

Bulky Mix is more than something bulky, something sweet, or something cheap. Bulky Mix actually corrects the Vitamin A and mineral deficiencies of grain . . . and, in addition bulks-up grains over 20% giving the ration a roughage-like texture.

Bulky Mix is economical to feed, too . . . a relatively low cost source of energy . . . saves grain . . . gets the job done efficiently.

HOW TO FEED BULKY MIX

• Bulky Mix can be mixed with Pioneer Concentrate and grain to make a complete ration

• Bulky Mix can be fed as a "top-dress" over regular dairy ration.

• Bulky Mix can be fed as a supplement to roughage . . . over silage or chopped hay.

• Bulky Mix can be fed "straight" as a between-meal treat.

You will be pleased with extra tone and condition Bulky Mix will put on your cows . . . and the eager-beaver appetite your cows will have throughout their lactation period.
