SHEEP: 65. Good and choice 40-65 lb. spring slaughter lambs 26-29, few lots prime 30.50-32.50. Utility to choice slaughter ewes 5-9.

WARDBO COLOR
PLANNING

Dark shades of colors and neutral grays and beiges are good choices for the basic colors in a wardrobe, points out Mrs. Mae B. Barton, Penn State extension clothing specialist. With such basic colors, a woman may use a variety of light and dark or bright colors in blouses, accessories, jewelry, or an occasional dress.

30.60. Good to low choice 24-27.

Good grade heifers 22-23.50. Standard heifers 18-19.50. Cutter and utility cows 16.50 to 19.50, canners and low cutters made 15.50-17. Utility and commercial bulls - 20.50 to 23.50. Good grade fed bulls 23.25-24.75.

Calves: 189 - Vealers 27 to 3.00 higher. Good to choice vealers 30-37. Commercial and prime 37-39.50. Standard and low good were 23.30 while Utility were 21-25.

* Available in regular form or free flowing Pel-Ets
Medium texture
Flexible formula to take maximum advantage of fluctuations in ingredient prices
9% max fiber</p> |
|--|--|

Pasture provides good nutrition at low cost - but it won't do the job alone. Proper supplementary feeding now will help avoid "summer slump" later - and can mean more milk right through the whole lactation.

Call your Beacon dealer or Beacon Advisor today to order the Beacon pasture ration that's right for your herd and your pasture. Remember - you save \$2.00 per ton from May 5th through June 30th on the four feeds above.

"My business is custom spraying, and I have to be certain that my customers are satisfied. I have used 'Manzate' maneb fungicide on thousands of acres of tomatoes and potatoes for a number of years with excellent results! "I feel that I am giving my customers' crops the best protection from disease when I use 'Manzate' fungicide in a regular spray program."

JOHN M. HESS, JR.
Hess Spray Service, Florin, Pennsylvania

For top protection against
tomato and potato diseases
use Du Pont "Manzate"
maneb fungicide

- ▶ Proved protection against all major fungus diseases
 - ▶ Mild on plants—won't harm foliage or stunt growth
 - ▶ Easy to use, a wettable powder, mixes readily with water
 - ▶ Top yields—helps get bigger, better-quality crops
- For further information about Du Pont "Manzate" see your dealer today.

For low-cost, effective weed and brush control, use Du Pont Dybar fenuron weed and brush killer. Just spread the dry pellets in the area you want cleared, and "Dybar" does the rest. See your dealer for further information.

On all chemicals, always follow label instructions and warnings carefully.
