

**● Cranberry**  
(From page 9)

Crush jellied cranberry sauce with a fork and spread over crumb crust. Whip cream. Soften cream cheese and whip with cream. Spread whipped cream-cheese mixture over cranberry sauce. Place in freezing compartment and freeze until firm. Slice to serve. Makes 8 servings.

Cranberries make delightful frosty desserts of a bright tulip red—

**ROSY CRANBERRY FLUFF**  
1 envelope low-calorie raspberry flavored gelatin  
1 cup very hot water  
1/2 cup non-fat instant dry milk  
1/4 cup cold water  
1 (1-pound)-can jellied cranberry sauce  
Dissolve gelatin in hot water. Chill until slightly thickened. Beat vigorously until soft peaks form. Dissolve instant milk in cold water. Gradually add to gelatin, beating vigorously until stiff peaks form. Add about 1 cup of the jellied cranberry sauce, beating until stiff peaks form again. Spoon in-

to sherbert glasses. Cut cubes from remaining cranberry sauce and top each dessert. Sevre when chilled. Makes 6 to 8 servings.

Good idea: When above dessert is finished, fold the cubes of cranberry sauce into the mixture, instead of placing them on top. Pour into a freezing tray and freeze until firm. Serve as sherbert.

Here's a rosy pink topping for cake—

**CRANMALLOW FLUFF**  
2 cups miniature marshmallows or 16 regular marshmallows  
1 cup cranberry juice  
Dash salt  
1 tablespoon lemon juice  
1/2 cup whipping cream, whipped

Heat marshmallows, cranberry juice and salt in saucepan over low heat, stirring until melted. Stir in lemon juice. Chill until jellied. Beat vigorously until pink and smooth. Fold in whipped cream. Serve over sponge, pound or angel cake slices.

**CAN WE STORE OUR WINTER THINGS IN PLASTIC BAGS THROUGH THE SUMMER?**

It's better not to if you plan to use any moth crystals in the bag to protect the garment. Either the plastic bag or plastic hangars may react with the moth repellent and cause damage to the garment. It's the combination of materials, moth crystals, plastic bag, and temperature of the storage place

**SMALL ELECTRICAL APPLIANCE**

Examine a small electric appliance carefully before buying, advises Helen E. Bell, Penn State extension home management specialist. Check that the appliance is well made and a dependable brand. Be sure the controls are easy to read and operate. Look for an Underwriters' Laboratories seal on the appliance and its electric cord. The seal is an assurance that the appliance has been tested and found safe for the purposes intended.

that may react, not the bag alone.
