

Lancaster Junior League and Riding Club Schedule Horse Show

The Lancaster Junior League and Riding Club announced their plans today for the Lancaster Horse Show, set for June 10, 11, and 12. This year's event, the largest in the show's history, features entertainment for the whole family.

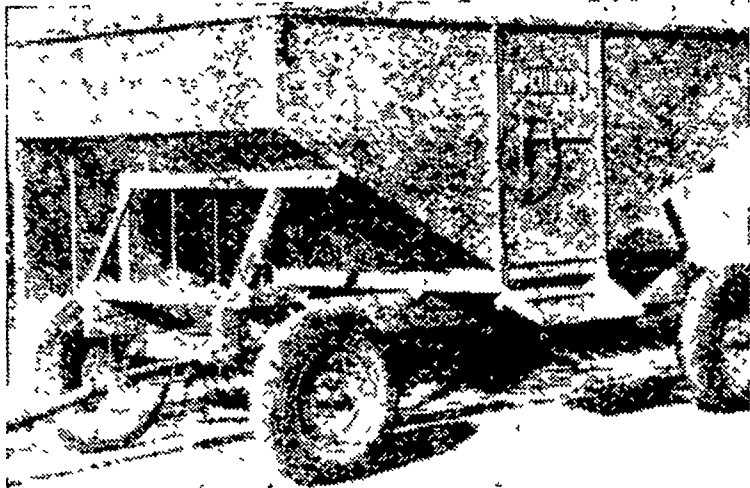

Entries are being accepted for Morgans, regular and green conformation hunters, regular and green working hunters, regular and green jumpers, junior working hunters and pony working hunters, 3 and 5 gated saddle horses, roadsters and fine harness and walking horses. Champion horses and riders from throughout the East are competing for over \$10,000 in prize money and trophies.

Expanding its idea of a country fair and bazaar introduced last year for the first time, the Junior League is including a fashion show, puppet show and jazz

McCurdy Gravity Flow Grain Box

WITH THE EXCLUSIVE

MONEY SAVING WHEEL OPERATED DOOR LABOR SAVING

Model 500 A

HANDLES EAR CORN - SHELLED CORN - GRAINS
BEETS - SEEDS - POTATOES - AND OTHER HARD
GARDEN AND ORCHARD PRODUCE

Here it is! The sensational McCurdy Wheel Operated gravity flow crop handler. The unanimous choice of every farmer who has seen its operation. A wheel operated, locking rack and pinion gear device provides the last word in smooth, positive door operation. Door is easily locked at any opening and is automatically released by backing wheel slightly. The demand for this feature has been overwhelming.

You will be pleased with the way the labor saving McCurdy easily and economically handles and transports farm crops. Be sure to see a McCurdy before you buy - IT PAYS.

The Reasons Why You Should Consider The McKEE HARVESTING SYSTEM

PROVEN ON HUNDREDS OF FARMS IN NORTH AMERICA

Perhaps you are one of the many of us farmers who has been pushing a pencil trying to see how you could in the year of 1960 close your books a little above the profit line. You've concluded machinery parts and baler twine are high, plus extra hired help. And then you've scratched your head wondering how you could make it!

That's why you should consider the New McKee Harvesting System. This simplified method makes it possible for one man to do the work of two. With this one unit one man can put up dry hay straw full of silage with corn or grass silage.

This machine is also ideal for zero grazing, no knives to sharpen, stone won't hurt it and cutter bar can be put on or off in 5 minutes.
