because of lack of interest and because the state association discontinued their contest.

In other business, the directors appointed a committee to draft some suggestions to be forwarded to the state fact-finding committee studying the egg carton dating regulation now in effect.

COOKING APPLIANCES

Small electric cooking appliances may make cooking more pleasant and less tiring. But they are not necessarily time nor energy savers, points out Helen Bell, Penn State home management extension specialist. A homemaker may spend more time and energy operating, cleaning, and storing an appliance than a cooking task usually requires.
