**Garden Spot 4-H
Plans Tour**

The Garden Spot Community 4-H Club, meeting at the home of Elaine and Nancy Stoltzfus, Ronks R1, last week decided to invite another club in the county to their August meeting.

On the program were demonstrations on tractor safety by Daniel Denlinger, 2351 Horseshoe Road, and on the care of handling of eggs by the hostesses.

Mrs. John J. Herr, Mount Joy R1 spoke to the group on the care of cut flowers from home gardens or florist shops.

Plans for the July 20 meeting call for a tour of the projects of club members Keith Overgaard, Lancaster R4, president of the club, is chairman of the tour committee composed of Wilmer Wengel, 76 Greenfield Road, and Mary Jane Herr, Refton.

**Potato Growers
You Need**

Thiodan

The new broad range insecticide

With this important new chemical discovery—Thiodan—you get a multiple kill of several potato pests at the same time. This means one shot control which, of course, is a more economical way to protect your crop.

Thiodan is a concentrate. Just mix with water and apply with ground or air spray equipment. And Thiodan is compatible with all commonly used fungicides. Its effectiveness has been proved over several seasons.

**NO NOTICE TO BE SENT TO
Farmers Within Wheat Quotas**

Any farmer who is found to be in compliance with his acreage allotments or Soil Bank permitted acreage when performance is checked on his farm this season will not receive a written notice, Chairman Earl Groff of the Pennsylvania Agricultural Stabilization and Conservation Committee announced.

Farmers who have exceeded acreage at the time of the performance check will receive notice of this excess and will be notified of the deadline date for disposal of excess acres. As permitted by regulations, the State Committee has elected not to mail notices to farm operators who are found to be in compliance.
