

NEW YORK STATE DAIRYMEN ARE HELPING to further the dairy business by consuming some of their own product. Touring dairymen and their families help themselves to milk and cookies at the home of Henry Kettering, County-Holstein Association president on Monday afternoon. Local help on the surplus milk situation is provided by, from far left, County Agent, Max Smith, Kettering, and Mrs. Kettering. The young Kettering in front of his mother gets his share too. —LF Photo

VISITORS FROM NEW YORK confer with local officials on the details of a tour through the Garden Spot County on Monday. Left to right Ralph Mitzel, Lancaster (pronounced Lan-caster) New York, past president of the Western New York Holstein Club, Richard Call, Batavia, New York, Genesee County Holstein Club secretary, Max Smith Lancaster County Agent, James Preston, Genesee County, N. Y. County Agent, and Henry Kettering, Lancaster County Holstein Assn. president discuss the stops on the tour of the visiting dairymen. —LF Photo

Dairy Tour

(From page 1)
Dairymen in the Dairy Herd Improvement Association in which Henry served as test-

er during 1944 to '46. The touring families made the trip from Erie, Genesee, Orleans, and Niagara counties by auto. After refreshments at the

Kettering farm, the tour stopped at the Herbert Royer farm, 2025 Oregon Pike, to observe the evening milking.

When his second set of \$12.95 "bargains" is ready for the junk heap...

you'll still have up to 10,000 miles left on your "HT" Silvertowns

(Results from on-the-road tests)

New B.F. Goodrich "HT" nylon tire doubles your tire dollar

Outwears two sets of "bargain" tires. "HT" puts more rubber where the wear is—on the outside ribs. Extra-wide, extra-deep, extra-safe tread gives you better traction, greater protection at high speeds. 13% wider, 6% deeper than regular tires. Under normal driving, even when 50% worn, "HT" is safer than a new "bargain" tire. 4 tires, \$4 down.

OTHER BFG TIRES NOW AS LOW AS \$11.95*

Potato Growers You Need

MILLER

Thiodan

The new broad range insecticide

With this important new chemical discovery—Thiodan—you get a multiple kill of several potato pests at the same time. This means one shot control which, of course, is a more economical way to protect your crop.

Thiodan is a concentrate. Just mix with water and apply with ground or air spray equipment. And Thiodan is compatible with all commonly used fungicides. Its effectiveness has been proved over several seasons.
