third position behind the entries of Virginia and Lillie Ann Wivell. However he was second in the project score contest last year.

Following Hackman with his score of 99.5 was Donald Miller with 98.9 points. Donald the son of Mr. and Mrs. Christ Miller, Elizabethtown R1, also exhibited the second place entries.

Taking third place in both the exhibit and record book score was Jean Miller, sister of Donald. Her score was 98.5 of a possible 100 points.

Members of the Mount Joy Rotary Club, sponsors of the roundup bought over 50 of the high quality dressed capons from members of the club. In addition to the two birds making up the judging entry, each member was asked to bring two other capons dressed and ready for sale. The Champion birds were bought by Adam H. Greer, Mt Joy jeweler and past president of the Rotary club. The Rotarians have sponsored the club for over fifteen years.

Food has three big jobs, says Mrs. LaRue Hefner, Penn State extension nutritionist. Food provides materials for the body's building and repair, regulators that enable the body to use other materials and to run smoothly and fuel for the body's energy and warmth. There is some fuel in every food.

The U. S. has grown from a nation in which one of every four workers had to produce food, to a nation in which one farmer is producing food for 24.

Milk Producers To Hold Meet

The Metropolitan Cooperative Milk Producers Bargaining Agency will conduct its unique grass roots Leadership and Information Program for Lancaster county and area dairymen on November 28 through December 1 at Mount Joy.

The program will feature outstanding milk marketing experts, cooperative leaders and educators.

All area dairymen are invited to attend. Meals will be furnished.

Daily sessions will run from 10 a.m. to 4 p.m.

The program is aimed at giving dairymen a better understanding of milk orders, laws, regulations, organizations and state and federal units which affect the conduct of their business. More than 2000 have attended these sessions since the school started in 1956.

Such topics as New York State Milk Control, National Sanitation Code, Role of Government in Business, Order 27, Bulk Tanks, Cooperative Organization and many others will be taken up.

Chairman of the daily sessions will be Thomas Tedesco, fieldman for the Bargaining Agency.

This is not only a time to try men's souls but it is also a time that stretches their pocketbooks. Something will snap. Some are now folding up.

● Just what is service? Here's what we try to do:

Keep every Ford tractor and every piece of Ford Farm Equipment working at top efficiency . . . and be Johnny-on-the-spot when something goes wrong.

Some of our service is free; some costs only for the parts; some requires a reasonable labor charge. But you'll find us fair . . . we want to keep on serving you for a long time.
