ville R1, and Miss Sylvia Emenheiser, Mount Joy R1. Miss Keene, who was crowned by the 1960 milkmaid, Miss Barbara Keener, Manheim R3, will represent the county in the state contest at Bedford Springs next month. Miss Keene has lived all her life on a dairy farm, but says she has had more experience exhibiting sheep Her grand champion trio and single fat lamb winnings at

the 1957 and 1958 Pennsylvania State Farm Shows are evidence of her experience.

Mary Kathryn also exhibited the reserve champion 4-H pen of three lambs at the 1959 Farm Show.

A 1958 graduate of Solanco High School, Miss Keene is enrolled in a course in nutrition at Penn State.

The county contest was sponsored by Lancaster Co Milk For Health Inc and was held at the Lancaster County Farm Bureau auditorium

member must be outstanding in Leadership ability and have shown this in his or her club work. Character development, citizenship, and community service are all important criteria for selection to this outstanding honor. Delegates are selected at the state level annually using the above, as reported in the member's achievement record, as a basis.

Darvin, who was raised on a farm at Ephrata, R1, has been in the club work 9 years. During his 4-H career 41 projects were completed with membership in a variety of clubs within the county.

Darvin has been active in the following projects: Baby Beef, Pigs, Beef Heifers, Capons, Bees, Tobacco, Field Corn, Strawberries, Electricity, and Tractor Maintenance.

In addition to carrying a wide variety of projects, Darvin has demonstrated much leadership ability and community spirit. He has served in many different offices in a number of 4-H Clubs. In addition, he has shown a fine sense of responsibility & duty while serving on the 4-H County Council, as a Camp Counselor and at sev-

eral State-wide 4-H functions of themselves to do an out to which he willingly contributed his talents.

At the present time he is enrolled in the Delaware Valley College of Science and community activities in addition to his 4-H Agriculture. His leadership Club work, and is a good example of the benefits that can be derived from 4-H work by those who give unselfish career.

More pay from hay the HARVESTORE® way

Field-wilt your hay crop to 40-50% moisture. Process it through a HARVESTORE. The result is a better feed HARVESTORE haylage. Fed to your livestock it expands the livestock-supporting capacity of your grassland acres. See us for details.

Sealed, oxygen-free HARVESTORE... the landmark of high-profit farming

HARSH HYDRAULIC HOISTS

The 32 available models come to you with a wide range of lifting capacities ranging from 3½ to 20 tons for your truck, pickup, or trailer. The smooth, trouble-free action of a HARSH HOIST has a fast lifting time of from 12 to 160 seconds, which allows more time for actual hauling.

These hoists come to you at an average cost of only 16¢ a day as compared to the \$10-\$15 a day you now spend to manually unload your truck.

To design and build a light-weight, low-costing truck hoist suitable for all types of farm use, priced within the average farmer's budget was the aim of "Bud" Harsh when HYDRAULICS UNLIMITED MFG CO began operations. This hoist was built and is now in use throughout the nation.

The HARSH HYDRAULIC HOIST averages only \$328.52 (including Federal excise tax) and maintains a low taxable weight which averages 273 lbs. These economical hoists are built for either back or side dumping, depending upon your need.

Save costly time and eliminate back-breaking labor by unloading with a Harsh HYDRAULIC HOIST engineered for economical, speedy, and durable farm use.
