Save a day... and make better hay!

NEW IDEA

HAY CONDITIONER

Faster drying action than a crimper . . . more aggressive, plug-free feeding than a crusher . . .

NEW IDEA design gives you the best features of both plus high speed roll action for fluffier hay. You can safely store conditioned hay at least one day sooner.

Not a crimper . . . not a crusher . . . cracks the stems just right for fast drying, with a minimum of damaged leaves. Exclusive fluted steel and rubber roll combination minimizes plugging.
