

## Juliann Erb Candidate For Posture Queen

Juliann Erb, a member of the Red Rose Baby Beef and Lamb Club for three years was elected Wednesday night to represent that group in the county Posture Queen contest

The daughter of Mr. and Mrs. Paul Erb, Mount Joy R1, Juliann was a contestant in the county junior posture queen contest five years ago. She is a member of 4-H sewing and cooking clubs in

addition to the beef club, and has a record of eight years participation in 4-H club work.

Displaying her skill in sewing as well as modeling, Miss Erb has participated in 4-H dress review each of the years she has been in the club, and was chosen to compete in county dress review in 1958.

Miss Erb, who graduated from Manheim Central High School in June, is helping the family at home during the summer, but hopes to begin office work in the fall. Future plans for the pretty 18-year-old 4-H'er include voice lessons and perhaps a

CONGRATULATIONS WERE IN ORDER for Miss Juliann Erb, left, after she was chosen to represent the Red Rose Baby Beef and Lamb Club in the Lancaster County Posture Queen Contest. Offering his best wishes is club president, Wilbur Hosler, Manheim R3. Miss Erb is the daughter of Mr. and Mrs. Paul Erb, Mount Joy R1.

## State Grange Hears Senators Speak At Annual Convention

An attack on the inadequacies of the federal income tax system by Senator Hugh Scott, and praise for Agriculture Secretary Orville Freeman's positive approach to agriculture by Senator Joseph Clark, highlighted talks by the two Senators, before a training conference for the 325 leaders of the Pennsylvania State Grange at the Penna. State University last week.

Four Lancaster County Grange leaders among those attending the conference were Miss Marie Murphy, of Peach Bottom, and Miss Ruby James, Miss Jeanette McCummings, and Mrs. Ralph Armstrong, all of Drumore.

Delegates at the opening of the three day conference heard Senator Clark praise Secretary Freeman for "seeing our tremendous agricultural production as a blessing, not just a problem." He also commended Freeman for seeking solutions to "agricultural dislocations and inequities that are in the national interest, and not just in the interest of one group or region."

At the conference banquet Senator Scott attacked the

proposition that "Uncle Sam should eventually be virtually the only tax collector."

"Federal taxes are no fairer than any other kind of taxes," said Scott. "I am in favor of making it just as hard as possible for any unit of our government — local, state, or federal—to take our money from us without fully convincing us that the common good justifies the individual sacrifices demanded."

The conference theme, "Making Grange Programs Alive," was the subject of Dr. Roy C. Buck, Professor of Rural Sociology at Penn State, at the closing general session.

The conference was held in cooperation with the Pennsylvania State University and the Extension and Resident Department of Agricultural Economics and Rural Sociology. Training workshops designed to help lecturers, Juvenile Leaders and Home Economics Chairmen build better information, education and activities programs for their Grange made up the majority of the conference.

Mrs. O. W. Shannon, Canonsville, Pa., was the conference president. She was assisted by J. Collins McSparran, Harrisburg, Pa., Master of the Penna. State Grange.

Taxes never die—they stick and grow, and all the old ones remain with us.

## NEW! McCormick No. 91 Harvester - Thresher with MAGIC-CIRCLE Planetary Steering

With planetary steering, steering levers control power flow to the two independent drive wheels—individually or together—for slowing down, stopping, turning gradually or sharply, or pivoting completely "on a dime." You can reverse instantly, too, without stopping to shift gears or de-clutch. With planetary steering, you can turn quicker and in less space than with any other combine!

Steer with 2 levers  
instead of a steering wheel

Get the feel of planetary steering—with two convenient, easy-to-handle levers.

It's built-in power steering — at no extra cost! Try it soon.

- BIG CAPACITY—42 inches wide straight through... at undershot feeder, cylinder, and over the straw rack... capacity to spare for heavy crops
- Exclusive DOUBLE-SHAKE, opposed-action cleaning
- Ideal for small, irregular and hilly fields and diversified crops... you get into tight corners and close to fences, save practically all the crop
- 4-cylinder, 40 hp valve-in-head IH engine for smooth, dependable power
- Cylinder speeds available from 475 to 1,600 rpm
- Bar-and-wire grate concave
- Extra-deep grain-saving platform
- Hydraulic control available for on-the-go adjustment of reel height
- 2-inch to 33-inch cutting height range—handles every threshable crop from low-growing beans to tall sorghum
- 67 factory-lubricated and sealed bearings reduce daily servicing to a minimum
- Big, 32-bu grain tank with folding unloading auger, can be unloaded in approximately one minute
