The society will charter bus to the state convention at Harrisburg on January 12. Mrs. Jacob M. Evans and Mrs. C. C. Shoemaker are in charge of reservations.

CHECK HEATING
Every home heating system should be checked regularly and adjusted, if necessary, to remove danger of fire and gas fumes, warn Penn State extension agricultural engineers.

Farm Women 6 Hold Party

Almost a hundred members and friends enjoyed the Farm Women Society No. 6 family night celebration and Christmas turkey dinner with all the trimmings last Saturday.

Mrs. Harry Saylor led the group in singing Christmas Carols at the meeting in the Milton Grove Sportsman's club house. Mrs. Saylor also showed Christmas films.

Gifts were exchanged. Hostesses were Mrs. Elvin Keener and Mrs. Jerry Hosler.

DEALERS WERE TREATED to a demonstration of the all new Insta-Hitch system now available for International Harvester equipment at a recent meeting at the International Harvester Sales and Service Store, Ephrata. The above view shows some of the more than 15 local dealers who were on hand for the demonstration of the newly available system which allows hitching and unhitching of equipment from the tractor seat.

SWEATER BUYING TIP

A sweater may be full-fashioned, cut and sewed, or a combination of these, explains Bernice Tharp, Penn State extension clothing specialist. In a full-fashioned sweater, the parts are knitted to shape and all edges are bound off. Such a sweater keeps its shape and appearance well. A cut and sewed sweater is cut from a piece of knitted fabric; then the parts sewed together. If the cutting has not been done evenly along the lengthwise and crosswise rows, a sweater will twist and sag. Full-fashioned sweaters usually cost more than cut and sewed ones.
