

**Easter Parade**

(Continued from Page 15)  
 n Honey Sauce The "sweet-sour" combination of vinegar and honey perks up the best flavor and the dark red will add color to your meal.

**BEEETS IN HONEY SAUCE**

- 1 tablespoon cornstarch
- 1/2 teaspoon salt
- 1 tablespoon water or beet juice
- 2 tablespoons vinegar
- 1/4 cup honey
- 1 tablespoon butter or margarine
- 2 cups diced or sliced beets

cooked or canned (No 2 can)

Mix the corn starch and salt. Blend in the water or juice from canned beets. Add vinegar, honey and fat. Cook slowly, stirring constantly until thickened. Add sauce to beets. Let stand at least 10 minutes to blend flavors. Re-heat.

If you are having ham for Easter why not bake potatoes right along with the ham. Then fix them this very special way.

**STUFFED BAKED POTATOES**

- 3 large baking potatoes
  - 1 1/2 cups small curd cottage cheese
  - 3 tablespoons butter, melted
  - 2 tablespoons chopped chives
  - 2 tablespoons chopped pimiento
  - 1 1/2 teaspoons salt
  - 1/4 teaspoon white pepper
  - 1 tablespoon butter
- Bake potatoes about 1 hour or until done. Cut hot potatoes in half lengthwise. Scoop out insides, saving shells. Add cottage cheese, butter, chives, pimiento, salt and white pepper. Beat until fluffy. Fill potato shells, dot with butter and bake 10-15 minutes more.

**SALMON SOUR CREAM DIP**

- 1 7-ounce can salmon

- 1 teaspoon powdered onion
  - 3 tablespoons minced celery
  - 1 tablespoon minced parsley
  - 1 tablespoon lemon juice
  - 1/4 to 1/2 cup commercial sour cream
  - Assorted crackers or potato chips
- Drain salmon, remove bones and skin. Blend salmon with powdered onion, celery, parsley, lemon juice and enough sour cream for dipping consistency. Serve in small bowl surrounded by crackers or potato chips. Makes 1 cup.

**TEST LEFT-OVER SEEDS**

Before you start planting the vegetable garden with some of last year's seed it would be wise to give the seeds a germination test ad-

vised James Dutt, extension vegetable specialist. He suggests planting 25 or 50 seeds in good soil, in a plant flat or put 50 seeds between sheets of blotting paper that is kept moist and warm on a shallow tray or large plate.

**Get the BIG silo unloader value!**

**VanDale**

Delivers more silage faster!

Double auger system digs the silage faster and more evenly under all conditions whether silage is frozen, wet, or dry.

Exclusive, adjustable drive hub gives more positive traction, keeps the machine operating evenly, and requires less power.

**DELIVERS BETTER SILAGE TOO!**

The double augers, operating in conjunction with the patented V-paddle impellers, dig the silage, mix it thoroughly, and then throw it down the chute. Your cows and cattle get good, palatable silage—not a powdered mash as so often happens with unloaders using blowers.

Patented 3-point suspension keeps unloader level at all times and centered for more efficient operation.

**TWO SIZES:**

- Standard—for silos 10' to 16'
- Heavy Duty—for silos 12' to 30'

**For the Average Hay Producer  
 FORD 150 HAY BALER**

A PTO-driven, twine-tie baler that's both economical and efficient. Bales up to 5 bales per minute, or 8 tons per hour.

You don't have to have big acreages of hay to make a baler pay for itself—not if it's a Ford 150 hay baler! Low cost and dependable, this compact baler has many of the same features that have proved so successful on larger Ford balers. It'll make top quality bales at minimum cost! And with your own baler, you'll be able to time haying operations more precisely to the crop condition.

**Come in and Check Feature for Feature... See why it's today's outstanding baler for the average hay producer... Right for limited acreages**
