

Farm Women 4 Hear Comments On Decorating

At a recent meeting of Society of Farm Women 4 at the Mountville Evangelical United Brethren Church, Mrs. Henry Rest, a former employee in the department of interior design of the Armstrong Cork Company, gave a commentary on a film on interior design.

Members of the society made plans to visit the Lancaster County Home on June 21 when they will distribute refreshments to the guests.

Hostesses were Mrs. A. R. Brooks, Mrs. Mary A. Shellenbeger and Mrs. Chester Lavegood. Mrs. Robert Herr presided and Mrs. Shellenbeger conducted devotions. Roll call for the 10 members and two guests consisted in giving the individuals' occupation before marriage.

It was announced that Mrs. Frank Nolt, Landisville, hospitalized in Coatesville since February as the result of an automobile accident is now

Flavored Milk Drinks Are June Favorites

convalescing at home.

The meeting closed with a silent auction to benefit the treasury.

The June 30 meeting, a birthday party for everyone will feature entertainment

from every member of the society — a one minute assignment.

Farm Women 5 Host Society 18

Members of society of Farm Women 5 entertained guests from society 18 recently at a meeting in Kautzman's Tea Room, East Petersburg. Hostesses were Mrs. Ammon Bucher and Mrs. Alvin Greider.

Miss Marian Becker, a senior at Manheim Central High School, sang several selections

Summertime, when liquids are high in demand, is a good time to serve plenty of enlivening, refreshing milk.

For a new and unusual refresher for your family or guests, why not try some flavored milk drinks. There's practically no end to the variety that can be made, for it seems that almost any flavor goes well with milk.

Milk snacks make appealing between meal pick-me-ups and are delicious with cookies as an evening treat. They're especially popular when you provide a variety of juices or syrups and let everyone create his own favorite.

Try these tempting combinations next time the cry for refreshing beverages rings out.

Chocolate Milk Shake—Add 2 tablespoons of more chocolate syrup to 1 cup milk. Beat with egg beater. Top with ice cream—vanilla or chocolate.

Frosted Chocolate—Beat into the chocolate and milk mixture a scoop of ice cream. Malted milk may be added.

Maple Milk Shake—Use 2 to 3 tablespoons of maple syrup instead of chocolate.

Grape Cooler—Combine equal parts of cold grape juice and milk, stirring the grape juice into the milk. Add a top knot of slightly sweetened whipped cream. Pineapple juice may be used in the same way.

Banana Flip—Choose a fully ripe banana, flecked with brown. Peel, slice into a bowl and beat until creamy using a hand or electric beater. Add 1 cup of cold milk. Top with sweetened whipped cream with a dash of cinnamon.

Chocolate Malt Banana Flip—Add to the mashed banana 1 and

½ tablespoons chocolate flavored malt drink powder. Then stir in milk.

Pineapple Crush—Stir ½ cup crushed pineapple into its syrup and 1 cup cold milk. Good alone or topped with a scoop of ice cream.

Strawberry or Raspberry Crush—Using sweetened crushed berries, combine ¼ cup of the berries with 1 cup milk. Top with strawberry mix with strawberries in ice cream, the raspberry vanilla ice cream. Frozen berries, thawed, may be used.

FROSTED CHOCOLATE COOKIES

½ cup (1 stick) butter
1 cup sugar
1 teaspoon vanilla
1 large egg
2 squares chocolate, melted
1 ¼ cups sifted all-purpose flour
½ teaspoon salt
½ teaspoon soda
1 cup coarsely chopped walnuts
½ cup chopped raisins, if desired
¼ cups buttermilk

Have butter at room temperature. Add sugar, egg, vanilla and beat until creamy, then add the melted chocolate. Combine dry ingredients in flour sifter and add to creamed mixture along with the nuts, raisins and r. Mix well. Drop by teaspoon on greased cookie sheet 2 in apart. Bake in a moderate oven (400°) about 10 minutes. Remove from pan at once. Do with Chocolate Icing made by combining 1 square melted chocolate, 1 cup powdered sugar, ½ teaspoon vanilla, 3 tablespoons hot milk or cream. Makes about 40 cookies, depending on size.

LUNCH BY COLEMANVILLE METHODIST CHURCH

COWS PROPERLY CONDITIONED ... during the dry period PRODUCE UP TO 25% MORE MILK!

BEFORE CALVING This cow was fitted on the Pioneer program for 60 days before calving. Note the excellent "dry cow" body condition.

AFTER COMPLETING RECORD The same cow after having produced 23,044 lbs. of milk and 941 lbs. of fat as a 4 year old. Note the extreme dairyness and exceptional body condition shown after this cow produced 11½ tons of milk!

Proper feeding of the dry cow is the most important single factor affecting herd health, longevity, and a sustained high level of milk production. In 60 days, while the cow is dry, Pioneer Dry and Freshening feed will repair the body from the previous lactation, build a reserve of body condition for the next lactation, and develop a stronger calf. In addition your cows will have less calving difficulties, eliminate placenta quickly, have less udder congestion, and most importantly they will produce up to 25% more milk!

See us today for full particulars.
