How Penna. Dairymen are

...Supplementing Short Pasture

...Stretching Their Hay Supply

There's a new low-cost way to keep those cows in milk and in condition right through the rest of the summer and fall. You do it by top-feeding Purina Bulky Las . . . just a gallon or two per feeding . . . along with your regular milking ration. Purina Bulky Las delivers the added nutrition cows normally get from roughage. Use it to stretch pasture or hay. It's loaded with minerals and energy. One ton of Bulky Las saves up to 3 tons of average hay. Now with hay prices what they are today, Purina Bulky Las is a real good investment. AND SAY, for a limited time only, you can buy Purina Bulky Las at a handsome savings over the regular price. This makes it an even BETTER bargain than ever before. See or phone us today. Keep your cows producing, even if pasture is brown and dry. Stretch your hay supply. You can do it with Purina Bulky Las . . . in the Checkerboard Bag.

Potato Growers You Need

Thiodan®

The new broad range insecticide

KILLS ALL COMMON POTATO PESTS

Colorado Potato Beetle

Flea Beetle

Aphids

Leafhoppers

With this important new chemical discovery—Thiodan—you get a multiple kill of several potato pests at the same time. This means one shot control which, of course, is a more economical way to protect your crop.

Thiodan is a concentrate. Just mix with water and apply with ground or air spray equipment. And Thiodan is compatible with all commonly used fungicides. Its effectiveness has been proved over several seasons.

Ask about other

Fine MILLER Products

- "658" Fungicide (Copper-Zinc Chromate) For Early and Late Blight
- Nutri-Leaf "60" — feeds plants through foliage, a wonderful supplement to ground fertility.
