Ladies, Have You Heard? . . .

To Teach A Child To Dress

Zipper that slide easily are a big help. Fasten a large decorative pull on zipper to make it easier for child to pull it up or down.

Flat smooth buttons at least the size of a nickel will slip in and out of buttonholes easily. Sew all buttons on with an extra long shank so child can grasp them easily.

If you use zippers, get the large ones, about the size of a dime. See how tightly they fit together! If your child doesn't have too much strength in his fingers, don't use zippers.

Pressure tape is another easy-to-use fastener . . . you can use it to replace any other fastener.

For Mustard Stain
