

Holstein Club To Meet August 14

The Lancaster County Holstein Club Barn Meeting will be held on Tuesday August 14th at the Albert Fiv Farm. Directions to the Fiv farm are

turn North at Chickles Creek on Route 230 west of Lancaster. (Watch for signs) Then turn south on Manheim-Mt Joy road at Einsman's Church

Classifier Richard E Keene will be present

County FFA Holds Barbecue, All Star Game

Nearly 200 Future Farmers turned out for the county FFA all-Star softball game and chicken barbecue last Wednesday night

The southern section, with three players each from Ephrata, New Holland Pequea Valley, Lampeter-Strasburg & Solanco High School, won the game by a score of 12 to 9. The losing team was made up of three players each from Penn Manor, Donegal, Elizabethtown Warwick and Manheim Central High Schools

Solanco Chapter FFA played host to the game and barbecue on the Quarryville Memorial field. The event was sponsored by the Red Rose (county) Chapter and came at the end of the regular FFA softball tournament season

Assisting with the serving of the 200 meals was the Solanco FFA Chapter Sweetheart, Lucille Krieger, Drumore, as well as Jean Kreider and Margaret and Charlotte Weidler, all of Quarryville R1.

The affair was such a huge success that members are talking of making it a yearly affair

Soil scientists have encountered more than 300 different soils in Ohio.

Pleased with your pullets? HONEGGER LAYERS may correct some of the problems in your hen house — especially if you expect more from your hens than you're getting — Try 'em and See!

PURINA COW CHOW D
helps you get
UP TO A TON MORE MILK PER COW

Purina Cow Chow D was developed by the cows in the Purina Research Farm dairy herd. It took years of painstaking research to develop Cow Chow D, the ration that has the milk-making power to help cows give up to 2,000 lbs. more milk per

year. If you're not feeding Purina Cow Chow D to your dairy cows now, come see us. We'll be happy to tell you more about it. Try Purina Cow Chow D — prove to yourself that Purina feeding costs you less.

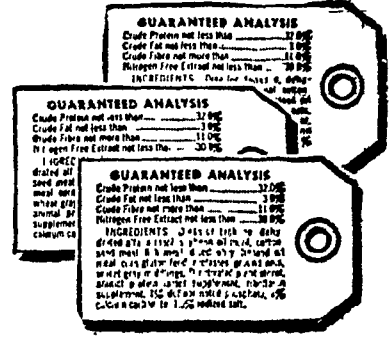

Do You Know . . .

The Ingredient Tag Doesn't Tell All!

Here's a good example of why feed shouldn't be bought on the basis of ingredient tags alone.

Three groups of hogs were fed rations carrying identical ingredient tags at the Purina Research Farm. One was a Purina ration . . . the other two were called X and Y. The three groups of hogs were fed to 165 days.

The Purina ration made a net profit of \$12.71 per hog more than Ration Y and \$6.46 more than Ration X. Though ingredient tags are important, here's positive proof they don't tell the profit story!

Big New D-19

BIG HORSEPOWER — Up to 70 PTO hp — manufacturer's estimate (corrected). POWER-CRATER gasoline and LP engines or new TURBO-CHARGED diesel.

KNOCK OUT FLIES FAST!
Use Purina Dairy Spray

If annoying house flies and biting flies are irritating your cows, help get rid of them with Purina Dairy Spray. Dairy Spray protects your herd from these pests . . . helps cows produce all the milk that's in 'em.

Dairy Spray is safe to use in your barn, milkhouse, and feed room. It's made with a biting fly repellent, MGK 11, plus pyrethrin, lethane, and "Crag" fly repellent.

For complete fly control around your dairy farm, use Purina Dairy Spray and other Purina Fly Killers. They come in a variety of economical sizes at our Checkerboard Store.
