

● **Jersey Farm**

(Continued from page 8)  
 O-boime said showed hardly any signs of Cornwall Farm this week the drought that has plagued most of the county all summer. The pastures were still green and lush the corn was tall and rank, and the alfalfa

was still making good growth The 125 cows in the pasture on one side of the road and the 59 heifers in the pasture on the other side of the road appeared to be full and happy Even though the heifers in the maternity stalls were eating "forage extender" along with their hay, they were in excellent condition. While hay is shorter than

EDISON W. OSBORNE LOOKS OVER some of the 125 fine Jersey milk cows in his herd. He is counting on first calf heifers to bring the milking string up to 150 or 160 head this winter. Osborne is shooting for a 500 pound butterfat average this year. He has 460 pounds per cow now with two more testing periods to go in the D.H.I.A. testing year. L. F. Photo.

**OVER TWICE AS STRONG and UNCONDITIONALLY GUARANTEED**

**NEVER THIS!**

When protected by RUST SHIELD, Starline Steel partitions are unconditionally guaranteed against rusting off at the cement line! RUST SHIELD is a protective sleeve of alloy steel, bonded onto the steel partition above and below floor level—the danger line. And the sleeve is packed full of electrolytic-rust-preventive grease. So partitions just can't rust off. What's more RUST SHIELD increases steel strength. Compared with plain partitions, RUST SHIELD gives over twice the support at the cement line. You can have RUST SHIELD as an optional on any new Starline Steel . . . and only Starline best it. Get full data now.

**NEW ALLIS-CHALMERS 190**

**the 2-row picker for steady work in heavy yields**

The new Allis-Chalmers Model 190 is engineered to boost corn-handling ability where it counts:

**3 GATHERING CHAINS PER ROW** — to keep heavy stalks and foliage moving.

**NEW-DESIGN SNAPPING ROLL SECTIONS** — for more aggressive action.

**NEW ROTARY FEEDERS** — keep big crop volume moving uniformly from snapping rolls to front elevator.

**NEW LARGE HOPPER** — for uniform delivery to wagon elevator.

**NEW FAN LOCATION** — well to the rear, mounted on elevator, for sure cleaning.

You GET the corn — with Allis-Chalmers long, sloping gathering snouts . . . adjustable stripper plates . . . fast, clean, rubber-on-rubber husking . . . shelled corn savers directly under husking beds.

New picking power for Allis-Chalmers D-19, D-17, WD-45 and WD Tractors!
