

## National Farmers Organization Orders All-Out Holding Action

The National Farmers Organization this week gave unanimous approval to the proposal to withhold farm products from the market in an effort to boost the prices farmers receive

An estimated 20,000 people meeting in Des Moines, Iowa, on Tuesday passed the resolution by an overwhelming voice vote.

Members of the farm organization, one of the younger associations recognized nationwide, agreed to start the withholding action on hogs, cattle, sheep and grain at midnight Friday.

One of the speakers at the meeting, Vince Rossiter, a banker from Hartington, Neb., said it was the greatest meeting of farmers ever held.

Purpose of the action is to force processors of farm produce to enter into production and price contracts with farmers through NFO. The action is a stepped up version of a similar action last year when hogs and cattle were withheld from several markets in the corn belt. Packers at that time disclaimed any change in buying, but NFO members claimed a victory in better prices and changed attitudes of packer buyers.

### Explosives

Keep them away from children. It may be safer to destroy the little that is left around than to run risk of children or animals getting to them before they are needed next season

## NOW... Big capacity chopping and low power requirements!

## FORD FORAGE HARVESTER

Big tonnage chopping of *all* your crops—up to 40 tons per hour with the row crop head, up to 35 tons an hour with the 5 or 6 foot cutter bar, up to 8 tons an hour with the windrow pick-up. With Ford you change crop heads in minutes! Power requirements for this smooth-running machine are low. Economical, high-efficiency operation chops feeding costs to a minimum. In addition there are many other man-saving, time-saving features, such as the built-in knife sharpener and easy-to-reach controls. Stop in today and find out all about the Ford Forage Harvester—and the easy credit terms available, too.

## OLD 907's RECORD STILL STANDS

Thirty-four old cows in the Purina Farm Dairy Center herd have lifetime production records of more than 100,000 lbs. of milk. Cow number 907, pictured at right, had the best record of all. She produced 180,377 lbs. of milk in 11 lactations.

Dairymen who follow the Purina Dairy Program get equally good results.

We urge you to try Purina, prove to yourself that Purina feeding costs you less.

Through the years dairy animals, raised at the Farm the Purina Way from birth grow fast, freshen early and spend long, profitable years in the milking string.

### Do You Know . . . . Livestock Mineral Is Cheap Insurance?

Purina Livestock Mineral is cheap insurance against mineral deficiencies. For just a few cents per head per year you can be sure livestock get the minerals needed to produce and reproduce efficiently.

Purina Livestock Mineral is now available in two easy-to-use forms — meal or blocks.

The meal form is ideal for free-choice feeding of feedlot cattle, hogs, and sheep. The weather resistant blocks are handy for use on range or pasture. Don't take chances with livestock health and profits — feed Purina Livestock Mineral . . . available at our Checkerboard store.

### STOP FLIES COLD 5 WAYS

For most effective, economical fly protection, use a combination of Purina Fly Killers. Don't give flies a chance to light on buildings or animals, contaminate feed, spread disease germs. Fight them these 5 ways:

1. Spray or dust your livestock.
2. Apply a solution of Baytex Spray Concentrate or Purina Building Spray Powder on buildings.
3. Scatter Purina Fly Bait on the ground.
4. Use Purina Insecticide Mist inside barns.
5. Put Purina Fly Checkers wherever you find flies.

We have a full line of deadly Purina Fly Killers. Let us help you get a head start on your fly control program this summer right now. We're at the familiar Red and White Checkerboard Store.
