● **Hubbard**

(From Page 1)  
 Hospital board and continues as a director. He is currently co-chairman of the fund-raising campaign to build a farm and home center here.  
 Hubbard expects to be operating from Walpole by Dec. The company will continue its local operation under Eugene Haller, who for several years has been manager of the Lancaster plant.  
 Hubbard has been president of the Lancaster General

His father, Ira S. Hubbard, who celebrated his 91st birthday Saturday, founded the business. President of the firm is Wentworth Hubbard, whose father, Oliver J., retired from the post June 1.

**FASTER GROWING CALVES AT 1/2 THE COST WITH THE MASTER CALF PLAN**

Calves convert feed to body growth 7 to 20 times more efficiently during the first year of life than at any other time. THE MASTER CALF PLAN takes full advantage of this fact and produces desired breeding size... in less time... on less feed... and at less cost!

*Corn Picking Time?*

**Take Advantage of Our Grain Bank and Grain Storage Program For Your Corn Harvest**

● **SPECIAL BENEFITS OF OUR GRAIN BANK PROGRAM**

All grains stored under this program can be returned to the grower in any form of poultry or livestock feed, by using one of the various concentrate programs. There is no livestock or poultry feed that this concentrate and grain program does not cover.

There will be storage available for corn, which can be picked and shelled at harvest time, brought to the mill, dried and stored here for later use.

Faster service now available due to new bulk unloading system. Information available on custom work with new picker-sheller machines.

Every year more and more customers use the Grain Bank and find it the easiest and most economical way to handle their local grown corn.
