

Milk Co-op

(Continued from Page 1)
As the volume of milk has ght a reduction in the price of crept up, he said, it has brou-Class I milk. Low prices will put more farmers out of business, he said, "I don't believe it will cause farmers who intend to stay in business to produce less milk."

Honan said farmers are facing the same problems of high costs, low prices, and taxes that they faced 30 years ago. "I think we have gone in a circle", he said, and "I imagine the dairyman will have

Cattle-Izer

Dairy Feed

Almost four years of testing and development at the Ful-O-Pep Research Farm show that new Catalyzer Dairy Feed increases energy production in the rumen by as much as 20% over regular Super Milking Feed—and an average of 10% more milk after just 4 weeks on feed.

Ful-O-Pep Catalyzer Dairy Feed contains only natural feed ingredients; you feed it as you would feed any ration, along with your regular roughage.
