MR. and MRS. EDWIN M. SHOBER
R. D. #2, Denver

These families all agree . . .
the cost of **FLAMELESS**
ELECTRIC
HOME HEATING
is reasonable!

Here are just four of the more than 3000 PP&L customer families who have already installed flameless electric heat. They say it's clean! carefree! comfort-plus! and reasonable in cost!

- Electric heat eliminates the need for chimneys and bulky fuel storage equipment.
- Does away with periodic cleaning, burner adjustment or repairs . . . in fact, the need for any service is rare.
- Costs 1/4 less than just two years ago, thanks to PP&L's new low-heating rate.

Check with your Recommended Reddy Kilowatt Electric Home-Heating Dealer today. See how little it will cost to heat your home with flameless electricity.
