(Continued from Page 1)

the county preliminary to the Farm Show was very good

Rainfall appeared to make the difference in quality this year as 15 of the 30 top placings came from Strasburg R1, an area blessed with slightly more rain last summer than most parts of the county.

Prize money for the show was donated by The Consolidated Cigar Co., Inc.

Results were as follows:

**MR. DAIRYMAN:**

**ARE YOU GETTING ALL THE MILK YOU SHOULD?**

Perhaps you'll begin answering that question by asking yourself another: "How much milk should I get?"

You should get all the milk your cows are capable of producing. And chances are, that amounts to a good many extra tons. Many dairymen who now manage for profit the PIONEER way have found that some of their cows are capable of producing as much as 2,000 lbs. more milk per year than they had been giving.

No doubt you've invested a lot of time, money and effort in improved breeding and selection. You've invested in a high-production potential for your cows. Protect that investment . . . and take full advantage of it. Let PIONEER feeds and PIONEER feeding programs help you feed out and milk out the full inherited production capacity of your herd.

Challenge your herd! Give your cows a chance to prove how good they really are. Stop in and ask us for more details about PIONEER dairy feeding programs. Remember, there's a PIONEER feed to fit every need.
