Ful-O-Pep *Cattle-izer* Dairy Feed

is the talk of dairymen everywhere

Here's why: In milk room after milk room, gleaming tanks are filled with evidence: more milk per cow . . . more milk per ton of feed.

Representing a new concept in dairy nutrition, Ful-O-Pep Cattle-izer Dairy Feed allows the cow to get as much as 20% more energy from the same amount of feed. This extra energy is used to produce more milk.

That's why North, South, everywhere . . . dairymen are talking, checking, and feeding new Ful-O-Pep Cattle-izer Dairy Feed.

Ask your neighbor about his results with Ful-O-Pep Cattle-izer
